

REPORT TRUCE REJECTED

One Of These Will Be New Castle Sesqui Queen

Eighty hopeful young women gathered in The Castleton ballroom on Tuesday night. Each one of the 80 is determined to be the Queen of the New Castle Sesquicentennial July 4 and 10 and looking them over one got the idea that any one of them would be an acceptable queen.

The young women met with W. Ray Booth, promotional director of the Sesqui, to get their instructions on the queen contest and to take out their books of pageant tickets.

Mrs. Joe F. Replogle, chairman of the queen contest addressed the young women, told them of the work ahead and of the prizes at the end of the trail on June 28.

Mrs. Replogle said the winner would get a trip to Hollywood in addition to serving as queen, that the runner-up would get a trip to New York City and the third winner would be given a \$50 bond. The next eleven girls will be members of the Queen's Court of Honor.

Mr. Booth explained the rules of the contest. For each strip of three tickets sold, the contestants get 1000 votes. If they sell the complete book and return the book cover they get 11,000 votes plus a 5,000 vote bonus for each book.

The contest closes June 28 and shortly after that day the name of the winning contestant, the Queen of the Sesquicentennial will be announced.

July 9 Will Be Old Timers' Day At Sesqui Here

Friday, July 9, has been set aside in the New Castle Sesqui-centennial program as Old Timers' Day it was announced today.

The Sesqui opens on Sunday, July 4 with Church Day, Tuesday, July 5 is Veterans' Day, Tuesday is Youth and Agriculture Day, Wednesday is Labor and Industry, Thursday is Retail and Wholesale Day, and the closing day, Saturday, July 10 is Fraternal Day with the Sesqui parade being held.

Buts Chairman

Paul F. Butz has been named as chairman of Old Timers' Day and letters are being mailed now to former residents of New Castle inviting them to come back home for a day of reminiscence and pleasure.

Serving with Mr. Butz are the following committee members: Joseph T. Campbell, J. Cam Liebenfender, Richard E. Rentz, John Trusel, Frank H. Robinson, Sam H. McGowan, George S. Long, D. O. Davies, Leo G. Griffith of Pittsburgh, Dr. Arthur B. Foster, H. P. McBride, Howard M. Kirk, Jr., Mrs. S. De Graff Pearson, Mrs. Scott B. Hamilton, Mrs. Charles H. Johnson, Mrs. Rachel Pollock Taylor, Mrs. Ruth Whaley Elder, Miss Gertrude Fulkerson, Miss Margaret Sankey, James Yates, Alfred C. Hyde, Robert Barnes, John J. Maher, Miss Alice M. Sterling and Mrs. Robert B. Jameson.

Music Club Chorus Gives Spring Concert

Music club chorus presented its spring concert in the First Methodist church Tuesday evening, one in keeping with the high level of performance of its previous public appearances, before an audience that filled the auditorium to capacity. This year for its spring concert the chorus, under the direction of Mrs. William J. Caldwell, departed from its customary type program and gave one of secular music, a rare musical treat.

An exceedingly happy choice of chorus selections in four groups and two groups of violin solos by Anthony Casero combined to make the evening one of musical pleasure, seldom excelled in New Castle as was evident in the response of the audience.

It was with great pride that the chorus presented Mr. Casero as their soloist for this concert. He is a violinist of subtlety, of refinement, and on this occasion placed all the graces peculiar to his own style in a larger, grander setting.

His tone was broad and rich, his bowing and fingering technique impeccable, and his musical insight so eloquently projected as to lead the most casual listener into the innermost realms of enchantment.

'Watered Down' Molotovs' Named

Congress Makes Public Names Of 506 World Red Leaders Outside Russia

WASHINGTON, May 26.—(INS)—Congress made public today the names and records of 506 world Communist leaders operating outside the Soviet Union.

They were described as the "watered down Molotovs" who fight ruthlessly, flexibly and patiently for the world revolution which is the ultimate goal of Communism.

The list covers the eastern hemisphere, including the nations participating in the European recovery program, and China, Japan, and Korea.

It contains the names and details the activities of such celebrated followers of the Red gospel as Professor J. B. S. Haldane of England, Maurice Thorez and Jacques Duclos of France, and Palmiro Togliatti of Italy.

However, the massive compilation deals primarily with the "professional revolutionaries" whose names are little known outside their own countries but who are the fanatical enemies of democracy.

Strike Wave In Finland

Communist-Led Strikes Affect 100,000 Spokesmen Of Reds Declare

HELSINKI, May 26.—(INS)—Finnish President Juho Paasikivi today ordered armed police to protect non-striking workers who are abstaining from communist-led walkouts.

Communist spokesmen have claimed 100,000 persons are on strike throughout Finland.

Police details stood guard around government buildings amid reports that the cabinet was considering a firmer stand against the communist-controlled People's Democratic party.

The Finnish cabinet will meet again today in an effort to find a successor to Communist Interior Minister Yrjö Leino, whose dismissal touched off the strike wave.

Cross walk white lines were painted in several sections of the downtown district last night.

Work has been resumed at the site of the new city building at Grant and Jefferson streets. The sub-basement was constructed last year, and recently council awarded the contract for erection of the super-structure. It is work on the latter contract that has now been started. It is expected that the building will be erected during the present summer.

Bill and Jack Neff, of 317 Sheridan avenue, report to Owen Fox, city forester, that they were up at the second dam, above Del Rio beach. They state that they saw bear tracks in the sand along Neff.

Dewey Enters New Jersey

TRENTON, N. J., May 26.—(INS)—Gov. Thomas E. Dewey of New York, returning from a successful 10,000-mile search for delegates in the west, carried his strenuous political quest into politically important New Jersey today.

Dewey planned a series of conferences with New Jersey delegates and political leaders for the afternoon and evening.

TO TESTIFY IN JAPAN

PITTSBURGH, May 26.—(INS)—Frank E. Mino, 24-year-old steelworker, was enroute to Los Angeles today to testify at the high treason trial of a former Japanese soldier.

Mino is one of 45 former prisoners of war subpoenaed by the government. All are scheduled to testify in the trial of Tomoya (Meatball) Kawakita, who left his native California a year before Pearl Harbor and joined the Japanese army.

Resignation Is Withdrawn By John C. Virden

(BULLETIN)

WASHINGTON, May 26.—(INS)—John C. Virden, top government official who resigned last week because his daughter works for the Soviet News Agency, today withdrew his resignation.

Secretary of Commerce Sawyer said Virden agreed to remain as director of the department's office of industry cooperation after President Truman expressed his "unshaken" faith in the official's loyalty.

Demands also were made in congress that Virden remain at his post.

Virden submitted his resignation to spare the government "embarrassment" over his daughter's employment by Tass, the Russian news agency.

He disclosed at the same time that the course of action pursued by the 22-year-old girl, Euphemia Virden, had caused him to make a "complete break" with her and that he had not seen or communicated with her since she went to work for Tass.

Mr. Truman, in a letter to Virden yesterday, praised the commerce department executive's record of public service and expressed profound personal faith in his Americanism.

FRENCH URGE BIG THREE MEET FOR CONFERENCE

PARIS, May 26.—(INS)—Top level French foreign officials urged today a meeting in Washington of foreign ministers of the big three western powers to break the deadlock over Anglo-American plans for political and economic development of western Germany.

Authoritative sources informed International News Service that French Foreign Minister Georges Bidault considers that the issues involved are of such importance that they should be discussed only by the highest officials.

The deadlock was reached at the recent London conference and the French feel that the issues are too important for mere "experts" to settle.

JOB AT STAKE

YOUNGSTOWN, O., May 26.—(INS)—The jobs of 128 city employees will be at stake when Youngstown city council meets in emergency session tomorrow. The layoffs would include 52 policemen and 49 firemen.

The council will probe the possibility of a one per cent wage tax to raise funds to cover a half-million dollar budget shortage.

Name Building Committee For Hospital Wing

Jameson Memorial Hospital Board Preparing To Start Construction Work Program

At the monthly meeting of the board of directors of the Jameson Memorial hospital this week, Roger W. Rowland announced the appointment of the building committee for the hospital's expansion program.

This committee consists of H. L. Gordon, Alex C. Hoyt, William F. Moody, Clyde E. Smith, Jr., James M. Smith, Jr., Louis B. Round and Howard B. Cummings.

The committee will start to work immediately, it is stated, and will continue with their task until the completion of the expansion program.

The preliminary plans have been completed for some time and the working plans and specifications will be under way shortly, which will lead to the awarding of bids for the construction work in the near future, it is hoped.

Large Class At Consistory

Around 300 Receiving Degrees At Consistory Sessions At Cathedral

VISITING MEMBERS CONFER DEGREES

With a number of visitors present from surrounding consistories, the Consistory of the Valley of New Castle Consistory opened their annual spring reunion, in the Cathedral Tuesday, inaugurating sessions which will last through Friday.

The degree work on Tuesday afternoon was conferred by members from the Youngstown, O., Consistory and the Oil City Lodge of Perfection, with a class of around 270 present.

Additional candidates are expected to register today for the balance of the week bringing the number close to the 300 mark.

The conferring of degrees will conclude on Friday afternoon, and will be followed by the usual dinner party and entertainment for the members, with those in the class and their ladies being guests of honor on the occasion.

Commander in Chief C. Merle Raisley, is presiding and looks for a large attendance and most successful reunion.

No Imminent Action On Arms Embargo Lifting

(BULLETIN)

WASHINGTON, May 26.—(INS)—The White House declared today that removal of the Palestine arms embargo is not "imminent" but left the door open for a possible 100 million dollar United States loan to Israel.

Presidential Secretary Charles G. Ross told reporters that "no imminent action" could be expected on the munitions embargo.

At the same time, Ross indicated that British opposition to an American loan enabling Israel to increase its defense potential would not be permitted to stand in the way of United States action in that regard.

British Officers Reported Serving With Arab Legion

LONDON, May 26.—(INS)—Foreign Secretary Bevin admitted today that 37 British officers are serving with the Arab Legion but denied that any are participating in the Jerusalem fighting.

Bevin also disclosed that 13 civilians are under contract to the Trans-Jordan government.

He told the House of Commons that "two persons" had been involved in Arab-Jewish hostilities but now have been withdrawn.

LOCUSTS ARE BACK

CONNELLSVILLE, Pa., May 26.—(INS)—Seventeen-year locusts have made their appearance in Fayette county, and R. B. Carter, Fayette county farm agent, said that there is nothing that can be done about them.

"We just have to hold our heads and hope they don't cause too much damage," he said.

U.S. Rejects Blockade Of Palestine Waters

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, May 26.—American ships who defy the Arab blockade to carry passengers or cargo to Palestine are assured today of full support of the United States government.

This assurance was given when the state department flatly rejected as illegal the blockade of Palestine waters by Egypt and Syria.

Egypt declared the waters "unsafe" immediately after Arab-Jewish hostilities broke out. Syria, through its legation in Washington, gave formal notice to the same effect Tuesday.

Will Not Be Recognized

The state department immediately replied that such a blockade would not be recognized. In announcing this decision, Michael McDermott, department spokesman, explained that non-recognition of the blockade was based on the United States supporting "freedom of the seas."

McDermott also made clear however, that the United States does (Continued on Page Two)

Wants Warships Sent To Enforce Freedom Of Seas

WASHINGTON, May 26.—(INS)—Demands were made in Congress today that the United States warships be sent to the Arab-blockaded waters of the Middle East to enforce the American doctrine of freedom of the seas.

Congress also was called upon to investigate United States aid to Britain, to determine if such assistance is necessary "if Great Britain is able to pay Arab countries eight million dollars a year."

Rep. Celler (D-N.Y.), who urged that American ships be sent to smash the Arab blockade of Palestine, also criticized the state department's handling of the case involving 41 American Jews interned in Lebanon.

Celler asserted that acceptance of the conditions imposed by the Lebanese government on release of the 41 U. S. citizens were "socks in the jaw" which "the country ought not to take lying down."

Aerial Warfare In Holy Land To Be Increased

JERUSALEM, May 26.—(INS)—Authoritative Israeli quarters predicted today an intensification of aerial warfare in the Holy Land following yesterday's initial air attacks on Jerusalem.

The Israeli government was said to be engaged in building up a powerful air force which probably will be sent into large-scale action if cease-fire appeals by the United Nations go unheeded.

A large number of planes reportedly are winging their way from many parts of the world toward Israel to become part of its force.

Informants predicted that the Trans-Jordan Arab legion will be subjected to a terrific "hiding" if it launches an all-out offensive against Jerusalem.

A lone plane, presumably Arab, loosed the first aerial attack in history on the Holy City. It dropped a single heavy bomb on the Jewish headquarters area without causing damage.

Non-Communist Named To Cabinet Post In Finland

HELSINKI, May 26.—(INS)—Finnish President Juho Paasikivi appointed a new non-Communist interior minister today to resolve the country's latest political crisis.

He named Peoples Democrat Minister Eino Kilpi as minister of the interior to replace Communist Yrjö Leino, who was dismissed last week for "communizing" the police force.

Paasikivi acted as the Communists claimed that more than 100,000 persons have walked out in strike throughout the country in protest against the Communist minister's ouster.

Direct Action By U.N. Expected If Truce Is Rejected

LAKE SUCCESS, N. Y., May 26.—(INS)—The Security Council of the United Nations meets today prepared to take direct action on the conflict in Palestine if the extended cease-fire edict to Arabs and Jews is ignored.

Arab leaders at Amman, capital of Trans-Jordan, continued deliberations on the reply which will be made to the U. N. which granted a 48-hour extension until 1 p. m. EDT today of its cease-fire directive at Arab request.

Fireworks Ban To Be Enforced

Sale, possession and discharge of fireworks here is prohibited by city ordinance, according to Police Chief Robert D. Hanna, who said this morning he is investigating the explosion of fireworks recently on the East Side.

He said arrests would follow the apprehension of anyone found selling, possessing or discharging fireworks.

Government Not To Negotiate On Rail Wage Issue

WASHINGTON, May 26.—(INS)—Administration sources gave a cold shoulder today to the demands of rail union leaders for negotiation of a government wage agreement with the three brotherhoods whose recent strike threat forced federal seizure of the carriers.

Officials asserted that unless the brotherhoods and private management are able to agree on a new contract in the next 48 hours the government will have to seek a permanent anti-strike injunction Friday and "let the situation ride indefinitely."

The army nominally has been operating the railroads for more than two weeks and 150,000 engineers, firemen and switchmen have remained on the job under a temporary restraining order issued by Federal Judge T. Alan Goldsborough. That order expires Friday.

A hearing has been set for 10 a. m. EDT, Friday on whether an injunction should be issued.

Nationalization Of Railroads Is Not Considered

WASHINGTON, May 26.—(INS)—The White House said flatly today that no consideration is being given to nationalization of the railroads as proposed by rail unions.

At the same time, other administration sources gave the cold shoulder to demands from the same sources for negotiation of a government wage agreement with the three brotherhoods whose recent strike threat forced federal seizure of the railroads.

White House Secretary Charles G. Ross was asked:

"Is the White House giving consideration to the nationalization of the railroads?"

He replied emphatically: "No."

RECORD QUAKE SHOCKS

NEW YORK, May 26.—(INS)—Two "fairly severe" earthquake shocks were recorded on the Fordham University seismograph today.

The first, according to the Rev. J. Joseph Lynch, S. J. Fordham seismologist, occurred at 5:26.05 a. m. (EDT) and the second at 5:33.33.

They occurred about 3,600 miles distant, in an undetermined direction.

NEWSPAPERMAN DIES

NEW YORK, May 26.—(INS)—Funeral arrangements were being completed today for Robert H. Johnson, 57, general manager of the New York Mirror, who died last night of a heart attack.

He suffered the heart attack while dining with his wife and friends in a midtown cafe.

MIAMI, May 26.—(INS)—Fuller Warren, Jackson attorney who began his political career as a state representative when he was 21, attained a long-sought goal today by winning the Democratic run-off race for governor of Florida.

Report Arab League Nations Reject Truce

Appeal For Cease-Fire In Palestine Is Not Accepted By Arabs

U. N. MADE DEMAND TO STOP SHOOTING (BULLETIN)

LAKE SUCCESS, N. Y., May 26.—(INS)—The Arab league made a counter-offer to the United Nations cease-fire appeal today as the 1 p. m. deadline passed with hostilities presumably continuing.

An Egyptian delegation spokesman announced shortly before the deadline passed that the Arab league will agree to halt the shooting on the following conditions:

- 1—Stop arming the Hagana.
- 2—No recognition of the Jewish state.
- 3—Restrict immigration.

CAIRO, May 26.—(INS)

—The Arab league nations meeting at Amman, Trans-Jordan, were reported authoritatively today to have rejected the U. N. Security Council appeal for a cease-fire in Palestine.

A dispatch reaching Cairo said that the premier of Syria, Jamil Mardam Bey, had announced in Damascus the forwarding of a blanket Arab rejection to the United Nations at Lake Success this morning.

He was quoted as saying that "the Arab countries" have rejected the appeal.

Reported Turned Down

Previously, the Egyptian government was reported to have turned it down.

The decision of the Egyptian government was reported in the independent newspaper Al Ahram which published the text of an Egyptian government reply to the U. N. Security Council.

(Saudi Arabia last night sent its rejection of the U. N. cease-fire demand to Security Council officials at Lake Success, N. Y.)

Al Ahram said that in a note, which now is in the hands of U. N. Secretary General Trygve Lie, "Egypt expressed its inability to accept the cease-fire order."

Reply On Way

LAKE SUCCESS, N. Y., May 26.—(INS)—Faria El Khouri of Syria notified the United Nations today that a joint reply from the Arab league on the cease-fire order for Palestine is on the way to him from the Trans-Jordan capital.

The advance signs point to a conditional rejection by all seven Arab states of the Security Council's demand that all shooting in the Holy Land stop by 1 p. m. (EDT) this afternoon.

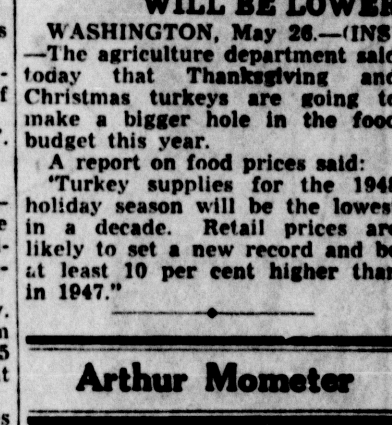

As it is, this includes a 48-hour extension granted at the request of the Arabs.

FORECAST SAYS TURKEY SUPPLY WILL BE LOWER

WASHINGTON, May 26.—(INS)—The agriculture department said today that Thanksgiving and Christmas turkeys are going to make a bigger hole in the food budget this year.

A report on food prices said: "Turkey supplies for the 1948 holiday season will be the lowest in a decade. Retail prices are likely to set a new record and be at least 10 per cent higher than in 1947."

Vastness Of Coal Industry Is Told

Don McGeorge Of Bituminous Coal Institute Speaks To Lions Club Members

ATTENDANCE AWARDS GIVEN

New Castle Lions club members learned some interesting facts about the coal industry Tuesday noon, when they were addressed by Don McGeorge of the Bituminous Coal Institute of Washington, D. C., and an employee of the Valley Coal company of Cleveland, O.

Mr. McGeorge told how the coal industry was speeded up by mechanization during the war, producing in 1944 the record total of 620 millions of tons with 20 per cent fewer employees.

Today, the industry is 56 per cent mechanized, ending back-breaking work for the miners, in addition to increasing production.

At the same time, an increase in wages amounting to 161 per cent has been granted the miners in the past few years.

Pensions New Problem
Present difficulties with the miners is not over wages, but a pension plan, which John L. Lewis is trying to force onto the coal operators, which is in addition to the social security program, which the miners enjoy the same as any other working class.

The miners union is perhaps the most powerful in the world, the speaker stated, and contrary to a lot of beliefs, Mr. Lewis is respected by both the miners and operators.

Miners draw the highest basic pay of any class of workers in the country, with the lumber industry coming second, Mr. McGeorge stated.

Coal For 3,000 Years
He stated that there is enough coal underground in this country to last for 3,000 more years, one of the newest and biggest developments in the future being the production of gasoline and gas from coal, a pilot plant now being under construction by the Pittsburgh Consolidated Coal company, which will produce approximately 14,000 barrels of gasoline daily from 20,000 tons of coal. This can be converted to gas in the winter time, relieving the gas shortage in the winter time.

Perfect attendance awards were presented to 33 members of the club for attendance during the period between September 8 and April 13, when an attendance contest was being waged.

A committee was named to

stimulate attendance at and help with new clubs recently sponsored by the local club. They were: Volant, Charles L. Goodman; Stoneboro, Dr. Thomas J. Fletcher; New Bedford, Claude Jenkins; *Frederick, Charles L. Pile.

Visitors yesterday included: Numa Vidal, Sharon, S. Jay Krebs, Cedar Rapids, Ia., N. J. Bermer, Pittsburgh, and Frank J. Iula of Baltimore, Md.

not recognize that a formal war exists between the Arab states and Israel.

He revealed that no warnings have been issued by any government agency that the sea approaches to Palestine are unsafe. Shipping experts doubted that either Egypt or Syria could control the area.

U. S. Wins First Round
Meanwhile, the United States is generally regarded as having won the first round in disputes with the Arab states in Lebanon's announcement that 41 American Jews removed from the Marine Camp at Beirut last week will be released conditionally.

The conditions are that the men, who were en route to Palestine, be returned to the United States. Lebanon gave as its grounds for seizure the fact that the men were destined to become fighters in the Jewish armies.

Ambassador Lowell Pinkerton in Beirut, who reported the Lebanese decision, said he would canvas the interested Jews to see whether they would accept the compromise.

MUSIC CLUB CHORUS GIVES SPRING CONCERT

Kreisl, Lotti, Cui, and Monti which the artist chose for his program were well contrasted and played as so many pearls. Curly "Oriental" was particularly well received by the audience. He played with deep personal relish and obviously enjoyed making music for the appreciative audience, responding with the "Ave Maria" as an encore.

With Edwin Lewis at the piano, Mr. Caserio provided a polished and table performance marked by finesse and a complete understanding of the stylistic requirements of the music played. So perfectly blended were the violin and piano, not merely in the interpretative impulses of the two artists that one had that sense of a revelation which always makes outstanding performances.

In its power and tonal qualities, its exquisite modulation in tone and phrasing, the finesse with which it responded to the nuances of the music, and in its effective interpretations, the chorus of nearly 90 voices opened the program with the beautiful and exultant "Vesper Bells" by Rubinstein and continued with "On Himalay" and "The Miracle of St. Raymond," a Catalonian air sung as a choral ballad, in the first group.

In the second group were Dvorak's "Goin' Home," "Summer Evening" by Palmgren with John Kyle as baritone soloist, and Noble Cain's "God of the Open Air," which the chorus sang superbly.

In the third group, one of spirituals, the audience particularly enjoyed "De Sheepfol" by Clokey with Mrs. George E. Strehler as soloist.

First in the concluding group of songs, the chorus sang "Twenty, Eighteen," with Miss Elise Ridley and Donald Martin as soloists. The lilting "The Crimson Rose" by Clokey was noticeably a favorite with the audience. "Come When My Love Lies Dreaming" and "The Wooning" climaxed a program that built up harmoniously through the succeeding groups of numbers under the expert direction of Mrs. Caldwell.

Mrs. Richard K. Allen at the piano and Edwin Lewis at the organ were, as always, sympathetic and efficient accompanists.

Much of the credit for the success of the choral activities of the Music club chorus may be attributed to Mrs. James W. Moorehead, publicity director, who is a past president of the Music club and has always had a keen interest in the work of the chorus. In last evening's performance, the soprano solo in "The Miracle of St. Raymond" was sung by Mrs. Moorehead.

It is likely that the next public performance of the chorus will be "The Messiah" during the coming winter.

Golba Will Receive Hearing Thursday

Mayor To Have Formal Hearing In Case Of South Side Occurrence

Joseph Golba, Hanna street, R. D. 5, will receive a hearing before Mayor John F. Hanna in police court Thursday morning on a charge of disorderly conduct and resisting arrest, which was made by Policeman Walter Bartoshek at 9:10 p. m. Tuesday. His arrest occurred in East Long avenue.

According to the police report made by Policeman Bartoshek, Golba approached him, and referred to his arrest by Bartoshek on a charge of driving a car while intoxicated some time ago.

The policeman advised Golba, he reported, "to let him alone" but an argument occurred, during

which Golba is said by Bartoshek to have struck him in the mouth and Bartoshek, in turn, struck Golba on the head with a night-stick.

While he was arresting Golba, Henry Buzk, East Ralph avenue, seized the officer's night-stick, and he also, was arrested for interfering with an officer.

Buzk placed \$25 cash bond for his freedom and failed to stand trial this morning, but Golba appeared before the mayor. He denied striking the policeman, but admitted making a threat against him.

The mayor gave the defendant his freedom on \$25 cash bail, pending a hearing tomorrow when the officer will be present at the trial.

It is estimated that motorists pay \$1 of every \$8 collected by the government.

LUNCHEON-ELECTION FOR JUNIOR GUILD

With a luncheon at the New Castle Country club on Tuesday afternoon the Junior Guild of Jameson Memorial hospital brought its 1947-48 season to a close. Covers were laid for nearly 100 at luncheon tables decorated with vases of spring flowers.

Election of new officers for the coming year resulted as follows: president, Mrs. Travis A. French; vice president, Mrs. James D. Crawford; recording secretary, Mrs. A. Pearson Furst; corresponding secretary, Mrs. George Steck, Jr.; treasurer, Mrs. Leysion Richards.

With Mrs. French presiding, the annual reports were given and revealed a highly successful year. Since it was opened three weeks ago at Jameson hospital, the Hostess Shop under sponsorship of the guild, has come along nicely, it was announced.

During the summer the guild will maintain activities with the Hostess Shop and Visitors' Aid at the hospital.

On behalf of the guild, Mrs. Francis E. Sowsby presented a lovely gift to Mrs. French in appreciation of her services as president during the past year.

Mrs. C. H. Leavens of Milwaukee, Wis., Mrs. French's mother, was an out-of-town guest and the guest of honor at the luncheon.

Luncheon arrangements were in charge of the social committee. Regular monthly meetings of the guild will be resumed on Monday, September 27.

DONNA MARIE TURNER MAY 28 BRIDE-ELECT

Mr. and Mrs. Charles Turner of R. D. 3, Volant, announced the forthcoming marriage of their daughter, Donna Marie Turner, to Hollis Houston Grim, son of Mr. and Mrs. Richard R. Grim of Volant.

The open church ceremony will take place Friday, May 28, at 7 p. m. in the Leesburg Presbyterian church, with Rev. William A. Lloyd officiating.

BENZIOK-RUSSELL VOWS EXCHANGED

Miss Margaret Benzick, daughter of Mr. and Mrs. William Benzick of 699 Arlington avenue, and Thomas Russell, son of Mr. and Mrs. Herbert Russell of 3634 West 147th street, Cleveland, Ohio, were united in marriage on Thursday, May 20, at solemn high mass in St. Joseph's church. Rev. Father F. C. Streiff officiated at the double ring ceremony.

Given in marriage by her father, the bride was lovely in a gown of white skinner satin with a marquise yolk trimmed with baguet beading, the skirt falling into a long train. An illusion veil trimmed with heavy lace fell from a crown of seeded pearls. She wore a strand of pearls, gift of the groom, and carried a bouquet of white roses.

Miss Catherine Rooney, as maid of honor wore an aqua taffeta gown with a headress of yellow roses and carried a bouquet of yellow roses.

Jack Russell served his brother as best man and ushers were Vincent Russell, another brother of the groom, and James Rooney.

Following the ceremony a dinner was served to the immediate families and the wedding party at a local restaurant, and later a reception was held at the home of the bride's sister, Mrs. William Harkins.

The newlyweds left on a motor trip to Niagara Falls and Canada, and after June 28, will make their home in Cleveland, Ohio.

Mrs. Russell is employed by the Bell Telephone Co., her husband at the post office in Cleveland.

JUNE 12 DATE FOR WEDDING ANNOUNCED

Saturday, June 12, is the date chosen by Miss Esther Gregory, daughter of Mr. and Mrs. John G. Gregory, of 508 East Moody avenue, for her marriage to Ralph Pettitt, son of Mr. and Mrs. Frank Pettitt, of 938 Harrison street.

The open church ceremony will take place at 7:30 o'clock in the evening in Highland U. P. church with Dr. D. L. Ferguson officiating.

Miss Gregory has asked Miss Dorothy Hartshorne to be her maid of honor and her fiancé has asked his brother William Pettitt to be best man and John Gregory, Jr., Charles Miller, and Raymond Phillips to usher.

MAY 31 WEDDING PLANS REVEALED

Announcement is made of plans for the forthcoming marriage of Miss Nadine Kildoo, daughter of Mr. and Mrs. Gerald W. Kildoo, of Mr. Jackson and Warren Spears, son of Mr. and Mrs. Ralph Spears, of 427 Edgewood avenue.

The open church wedding will be solemnized in the Mt. Jackson U. P. church at 7:30 p. m. on May 31 with Rev. James A. Crawford officiating.

A reception in the church basement will follow the ceremony. A reception in the church basement will follow the ceremony.

Miss Kildoo has asked her sister, Mrs. Harry Smith, Jr., of Bessemer, to be her matron of honor, and her cousin, Miss Donna Lutz, and Miss Roberta Spears, sister of her fiancé, to be bridesmaids. Her niece, Miss Linda Lou Smith, will be flower girl.

Gordon Stallard, of Meadville, will be best man and Mr. Spears has asked his two brothers, Lloyd Spears and Donald Spears, Harry Smith, Jr., and Frank Calvert, to usher.

On Saturday evening, the parents of Miss Kildoo's fiancé entertained for her and their son at an evening reception in their home attended by about 35 relatives from Sharon, Mercer, New Wilmington, and New Castle.

Music was furnished by a three-piece orchestra and games were a diversion during the evening.

Following the presentation of gifts of a miscellaneous nature to the bride-elect, refreshments were served.

Mrs. Lawrence Spears and the Misses Roberta Spears, Evelyn Spears and Barbara Jackson were aides.

NESHANNOCK GROUP GATHERS TUESDAY

Wedding plans are indefinite.

HADASSAH CHAPTER HAS INSTALLATION

One of the most interesting meetings of the New Castle Chapter of Hadassah—and the final meeting of the season, took place Tuesday evening at 8 o'clock, at Temple Israel, at a dessert-meeting and installation.

Blue and white were the gay colors used in decorating the nicely arranged table. Mrs. Frank Haber was in charge.

Speaker of the evening was Mrs. Maurice L. Lyon, of Pittsburgh, national board member of this region. Her talk was interesting and later she conducted the installation of the following officers:

Honorary president, Mrs. L. F. Kohn; president, Mrs. H. Frank; first vice-president, Mrs. I. Nixon; second vice-president, Mrs. P. Kaplan; third vice-president, Mrs. A. Slovinsky; corresponding secretary, Mrs. L. Smith; recording secretary, Mrs. S. Hecker; financial secretary, Mrs. H. Rosen; and treasurer, Mrs. A. Fisher.

The meeting opened with prayer by Mrs. Jack Conn. The yearly report was given by the retiring president, Mrs. Abe Cohen, and in addition of being given in an interesting manner, the report indicated a highly progressive year for Hadassah.

The musical portion of the program was presented by Robert Duff, director of the a cappella choir. Their selections were excellently performed and well received by the audience.

Reservation chairman in charge last evening was Mrs. M. Milbourn. Mrs. Abe Cohen, retiring president spoke briefly before presenting Mrs. H. Frank, new president, with the gavel.

INDIA MISSIONARY HONORED AT DINNER

More than 100 members and friends of the Third U. P. church gathered for a twelve dinner at the church recently in honor of Miss Vida Graham, missionary to India for the past 28 years.

Sponsored by the various missionary societies of the church, Mrs. Geraldine Allen presided, introducing Mrs. Alberta Guy, who conducted the period of devotion.

Prayer was offered by Mrs. Jessie Nolan. Group singing was led by Elmer Kanagy.

Program chairman Miss Mabel Koehler introduced the speaker, Miss Vida Graham, who enlightened her listeners on conditions in that country and concluded with comparisons of dress of the youth of that country and the United States.

Following the benediction by Dr. J. Paul Graham, the various societies represented held separate business meetings in various rooms of the church.

BERENICE Cwynar FETED AT SHOWER

Mrs. Joseph Hink 108 Wilder avenue, recently entertained a group of 50 guests in her home at a delightful party in honor of Miss Berenice Cwynar, bride-elect of next month.

Various games were played. Tempting refreshments were served buffet style by the hostess with Miss Helen Cwynar and Miss Stella Cwynar as aides.

The honoree was recipient of a number of miscellaneous gifts for use in her new home.

In View Of News Of The World

By J. C. Ostreicher, INS Foreign Director

News that Nazi Germany's "Flying Amazon" Hanna Reitsch was arrested trying to cross the border into Austria illegally recalled the now historic days of Adolf Hitler's suicide and served to bring back to memory an unexplained Soviet mystery.

Just why did the Russians blow up the famous air raid bunker on the Berlin chancellery grounds where Hitler is supposed to have married Eva Braun and then killed himself soon after Miss Reitsch left him?

Obviously the Soviets dynamited the place because it had military value and their policy is to deny the Germans anything that might be of service in another war.

This was explainable and understandable when the Russians blew up one of the gigantic air raid shelters in their section of Berlin. The British did likewise with a shelter overlooking the zoo in their part of the shattered capital.

Could hold 35,000 persons
These monumental buildings could hold 35,000 persons apiece. Their roofs were filled with anti-aircraft guns of the largest calibre and they were so solidly built that in all the countless American and British air raids on Berlin they were not damaged.

Hitler's private shelter, however, was something else again and surely would have made a money-making tourist attraction when Germany is back on her feet in one way or another.

The bunker was on three levels. It had everything up to and including air-conditioning.

But it could not hold more than a comparative handful of people. Invading Allied troops stripped it of all its machinery and removable furnishings and the place was merely an empty shell that was not pleasant but surely fascinating to visit.

Names Scribbled On Walls
The names of American troops were scribbled all over its grey concrete walls the same as in the pink marble chancellery building itself.

Every prominent visitor from abroad, headed first by Winston Churchill, sought and obtained Russian permission to visit it and a few lucky ones had their pictures taken at the entrance before the Soviet became inordinately camera-shy.

There are two possible reasons for the Soviets' seemingly inexplicable gesture.

First, they may feel that the

Women In Congress Stand Out

WASHINGTON, May 26.—Someone the other day went to the trouble of discovering a typical member of the House of Representatives by averaging out ages, weights, heights and so on. The result was a pretty average middle-aged individual.

It may be because the average is so very average that the women members of the House stand out in distinguished contrast to the great gray mass of males. Because the prejudice against women in high office is still a factor in American politics, they just naturally have to be better than the men. I believe a statistical average of the awareness, the ability, the intelligence of the 7 women as set against the 425 men in the House would show that the ladies have an overwhelming advantage.

In Interesting Contests
Two of the women members are engaged just now in extremely interesting political contests. One is Margaret Chase Smith of Maine, a Republican, and the other is Helen Gahagan Douglas of California, a Democrat.

Because she had the courage of her liberal convictions and refused to swallow the third-party line, Mrs. Douglas is in the middle of a three-way fight in her district in Los Angeles. The Wallaceites tried to make her take a stand against the European recovery program and, when she said no, they entered a third-party candidate against her.

Mrs. Douglas is running in both the Republican and the Democratic

NATIONAL GUARD ENLISTMENT

Presently, the 229th Field Artillery Battalion is conducting a membership campaign in order to recruit 50 new men in time for the summer encampment at Indiantown Gap.

Service in the National Guard of Pennsylvania is an honorable service which should appeal to many young men between 17 and 35. It provides the rudiments of military education, affords the men a two week summer encampment and in addition the men are paid for their services.

If the proposed draft act is passed it is anticipated that men of the National Guard will not be called, it being felt their service in the Guard is equivalent to a year or two in the army.

The National Guard has a long and honorable history in New Castle. Organized in 1904 by the late Major Joseph V. Cunningham, the local unit of the guard has acquitted itself with distinction in two world wars.

All of us wish devoutly for world peace. But unfortunately the will for peace is not too strong in some other countries it appears. If the time ever comes again when America goes to war, the young men who must serve should have some idea of what is expected.

The National Guard supplies this knowledge and training. If war never comes again, as we all hope, the training in self reliance and service will still have a valuable one for the men who have served in the National Guard.

BEAUTIFUL MORNING

"Oh, What a Beautiful Morning!" it was on March 31, 1943, for the musical show "Oklahoma!" On that remote day in New York the Theater Guild operetta was about to give the first performance of the bright and tuneful frolic that has become an American classic of the stage.

The 18 backers who put up the original \$80,000 could not know, that morning, just how beautiful the heyday would be. It waxed brighter and gayer as the years rolled along—1943, 1944, 1945, 1946, 1947, on into 1948.

On May 29, after more than five years and 2,202 performances, the footlights of the St. James Theater will be turned out for "Oklahoma!" The gross receipts there have been more than \$7,000,000. The happy backers have received a return of 2,500 per cent on their investment so far.

But it's not only the "angels" who have been made happy by that lively show. Millions of persons in audiences in New York have been charmed by the sparkle of the settings, the players, the story and the songs. What songs they are!

There is the stirring title-song "Oklahoma!" There are others: "The Surrey With the Fringe on Top," and "Kansas City," and "I Can't Say No." There is the lovely romantic ballad, "People Will Say We're in Love," and that bittersweet song with a saucy lilt—"Many a New Day." And there are others, of course—all good.

During the war a gay and competent company toured the Pacific areas by plane. At Clark Field in the Philippines the audience started bringing its seats at 6 p. m. for the outdoor performance at 8. It rained during the show, the audience of thousands retreated; the rain stopped, the audience came back, the show went on again.

The rains have come and gone, but in the English-speaking world the road companies of "Oklahoma!" show no sign of being rained out. Orchestras strike up and the lights go on. What a show!

REPORT FROM GREECE

Not much has been heard about Greece lately, which may be an indication that affairs are in at least fairly good order over there and that the Greeks are getting the best of the communist guerrillas.

Lending support to this thesis is the report by Dwight P. Griswold, chief of the United States Mission to Greece, who has come home for a brief vacation and for a discussion of the whole situation. According to Griswold, communism "is stopped" in Greece, even though there is still much fighting going on.

Particularly encouraging is the statement by Griswold that 85 to 90 per cent of the Greeks are now anti-communist. No less reassuring is his declaration that the Greek army is "doing a very good job." There has been some doubt on this point and many Americans still hold the belief that the Greek military forces are merely going through the motions.

Remember the good old days when a political candidate for President or Governor wasn't sized up on the crooning qualities of his radio voice?

One of our patient friends whose wife spends all her time nagging him about his faults tells her that it's a good thing she didn't marry a perfect man or she would die of ennui.

According to the Legislative Reference Service the United States spent \$69,000,000,000 in aid to Europe between 1940 and 1947. Well, we just went down to the post-office and bought a quarter's worth of stamps. That ought to help some.

The Parent Problem

By Garry C. Myers, Ph. D.

THE LONG SUMMER VACATION

Some day our public schools will be open the year around. Our present custom of a long period of vacation during summer has no sense to it for the average child. It grew out of the time when most of our children lived on farms and were used in summer to help with the work there. But the large majority of our children now do not live on farms. How much happier, safer and better off most of them would be in school all summer! Even the farm children of the elementary school ages would profit from school the year around.

It so happens that the "Policy Committee" of the Division of School Administrators of the National Education Association at its annual convention in Atlantic City last February came out advising an all-year-around school term. But this hardly will come about in the very near future.

However, many city school systems keep one or more schools open during the summer, attendance at which is voluntary. Often some pressure is brought on parents of the children who "failed," to attend this summer school to make up their arrears. This, unfortunately, appears as punishment to many children and renders summer school attendance unattractive to the vast majority of children. Most parents, if they were wise, would send their children to these public summer schools. This, incidentally, would tend to create a public demand for the all-the-year-around school term.

In some towns and cities various churches put on a voluntary free school for a brief term for younger children. As a rule, these schools have a wholesome program which parents could afford to support, provided they did not object to the particular type of religious teaching in these schools. Certainly, those parents who do approve the religious teaching should welcome its services.

Play Schools
Then there are tuition schools in some places during the summer. (Continued on Page Ten)

JOBS UPON A TIME

Fred Astaire retired after his 20th Hollywood picture, but he didn't stay that way. He's back on the screen and has his own dance studios. Fred began taking dancing lessons when he was five with his sister Adele (now Lady Cavendish). Two years later they began their sensational career. They made their bow on Broadway when Fred was 17. When Adele married and broke up the team, Fred went it alone, winning new honors.

Academy Award winner Ray Milland, born in Wales, attended public school, then King's college at Cardiff, and was accepted into the Household Cavalry. King's Royal Guards. In the Guards Ray became its second best boxing champion and a good horseman and expert marksman. Later he worked as extra at a moving picture studio, where, after a few minor roles, he was spotted by a movie scout and went to Hollywood.

Washington Calling

Women In Congress Stand Out

WASHINGTON, May 26.—Someone the other day went to the trouble of discovering a typical member of the House of Representatives by averaging out ages, weights, heights and so on. The result was a pretty average middle-aged individual.

It may be because the average is so very average that the women members of the House stand out in distinguished contrast to the great gray mass of males. Because the prejudice against women in high office is still a factor in American politics, they just naturally have to be better than the men. I believe a statistical average of the awareness, the ability, the intelligence of the 7 women as set against the 425 men in the House would show that the ladies have an overwhelming advantage.

In Interesting Contests
Two of the women members are engaged just now in extremely interesting political contests. One is Margaret Chase Smith of Maine, a Republican, and the other is Helen Gahagan Douglas of California, a Democrat.

Because she had the courage of her liberal convictions and refused to swallow the third-party line, Mrs. Douglas is in the middle of a three-way fight in her district in Los Angeles. The Wallaceites tried to make her take a stand against the European recovery program and, when she said no, they entered a third-party candidate against her.

Mrs. Douglas is running in both the Republican and the Democratic

One Man's Opinion

By Walter Kiernan

Wallace may fly for a conference with Stalin . . . Joe gets lonesome if he doesn't see a presidential candidate once in a while.

Stassen made the last pilgrimage and was courteously received . . . in fact better than he was in Oregon.

But the feeling is that if a president or candidate would just sit down with Joe everything would come out perfect . . . as at Teheran, Yalta and Potsdam.

There was a tremendous spirit of give and take at those conferences . . . of course it was a few years before we knew how much we had given and been taken for.

But it would be a good idea for the third-party candidate to visit Moscow . . . and it would be nice if Moscow had a second-party candidate to send here.

From Me To You

By MESEALL

Sunday you know is really Memorial Day . . . but the custom has been and will be this year . . . to observe this legal holiday on the day following. Each year many people come up against a great problem . . . For it's on this day, Memorial Day, that many folks think about displaying the United States Flag. They think about it not other days but not nearly as much as they do on May 30th. And when this problem comes up they can't decide just how "Old Glory" should be displayed . . . Flag Pole? Against a building . . . from a tree . . . or rope from one object to another. There are definite rules concerning the various procedures.

For many years we have attempted to tell some of these procedures . . . not too plainly perhaps but to the best of the information on hand . . . pictures often tell better stories than the best written story . . . This year it is our fortune . . . we the people of Lawrence County . . . to have available without cost a very fine booklet . . . titled "How to Respect and Display OUR FLAG." It was printed by the U. S. Marine Corps . . . and the local Marine Corps Headquarters, located in the Post Office building, have hundreds of these books on hand, ready to give you . . . and all for just the asking.

The idea to pass out these books came from our photographer and the local Marine Recruiting Officer . . . they were attempting to find a way to bring this important message to the people . . . reproductions of part of this book could be done . . . but the thought came that it was so much good, why not make the book available to all . . . So that's why the large stock was secured. By the way, there are 30 pages . . . and all in color . . . very beautiful as well as educational.

And we can't let this opportunity pass . . . the News Cameraman is James Leasure who is an ex-marine . . . and he says "not only will the book be a credit to your library but it gives publicity to the Marine Corps" . . . being an Infantryman of the Army which was much under-published in WW II . . . we now know why the Marine Corps has such a colorful build-up. They don't let an opportunity go passed that might bring them credit.

They Say

NEW YORK—United Nations Secretary General Trygve Lie: "The United Nations will be the force in this world which it was expected to be when the charter was signed at San Francisco."

WASHINGTON—Representative Charles Eaton (R) of New Jersey, chairman of the House Foreign Affairs committee: "The United Nations now, despite the weaknesses which it displays, is the one hope of the world for peace."

LAKE SUCCESS, N. Y.—Soviet Delegate A. N. Pavlov, in an argument at the United Nations over freedom of travel between the United States and Russia with Mrs. Eleanor Roosevelt: "Journalists and diplomats cannot be compared."

PORTLAND, Ore.—Henry A. Wallace: "I am the best friend liberal capitalism ever had—I have prospered under it—but the uncontrolled corporation is the greatest enemy of old-fashioned Americanism."

Hints On Etiquette

If a bridegroom has no brother to serve as best man, or his best friend is not available, his father, or even his stepfather may serve.

Very well, but let's give this piece of floor covering a real test. Let its maker install it in a home where there are two boys from 6 to 10 romping about the place with one lively dog of any breed. If at the end of one week the rug is in anything like passable shape, the inventor ought to be knighted and at the end of a long and happy life be interred with due ceremony in Westminster Abbey.—Wall Street Journal.

Calling Kid Brothers

(By Holmes Alexander)

WASHINGTON, D. C., May 26.—Someone once described a military "artillery duel" as two big boys beating up one another's kid brother—meaning, of course, the infantry. Exactly that seems to be happening today in the wage-price duel between Labor and Industry. The kid brothers in this instance are the general public.

No better example is extent than the recent exchange of verbal shell-fire at Ford Motors. In a cynical version of "Alphonse and Gaston," the company and the United Auto Workers invited one another to do something about inflation. The company suggested that the workers take a wage-cut. The workers chided the company to use its great influence to bring about nation-wide cost of living cuts. Meanwhile the poor old public, as in the artillery duel, remained very much in the middle.

Front Page Dramatization

The Ford situation is only a front page dramatization of the whole Labor-Industry battle. Heavy fighting goes on all over the national landscape. Everywhere, in big and little factories and plants, there is this civil conflict. Everywhere, in suburb, village and metropolis, the public is the sufferer in cost of living inflation and work stoppages. But is there no hope of truce? Are no efforts possible to bring about peace? Is there no way in which the opposing parties can be brought to negotiate and compromise?

There is evidence around Washington that an affirmative answer exists to all these queries. What remains to bring forth the answers is an articulate public demand, based on thoroughly aroused and well-informed indignation. Let us look, then, not into the crystal ball of prediction, but into the record of some solid facts.

Price-Wage Truce

Fact one is that Secretary of Commerce Sawyer has in a private pigeon-hole the rough outline of a price-wage truce. The outline was tentatively drawn up by W. Averell Harriman, former Secretary who left the Commerce Department to become Roving Ambassador for the Economic Cooperation Administration. Before his departure, Mr. Harriman was quietly working on the idea of calling a national conference on economic stabilization. He discussed the plan with industrial and labor leaders, including Charles Wilson of General Electric and Philip Murray of the CIO. Some progress was made, but it came to a stop when the President named Charles Sawyer as Harriman's successor. The whole plan, as I learned from good sources, was side-tracked for the duration of the presidential election season. This don't-rock-the-boat theory may make good sense to politicians of both camps, but it will hardly satisfy the shell-shocked public.

Suffers From Persecution Complex

Fact two is that Organized Labor is suffering badly from a persecution complex. For the first time since 1935 the Unions are on the defensive. A CIO spokesman told your correspondent that a conspiracy existed to crush the entire labor movement. Management's strategy, he said, was to drag every controversy into court where fines, court costs and lawyers' fees would eventually drain dry the union treasuries. Now the symptoms of a persecution complex are well given to psychiatry. The victim gives way to self-pity and frequently gives vent to tantrums of violence, as exhibited in the recent meat-packer riots. But the public through its Congress, has come to some trouble to write the rule-book for labor-management relations. Unless Labor argues (which it cannot sensibly do) that our law-making system has broken down, there is no basis for feeling persecuted and no excuse at all for temper-tantrums.

Swollen Profits

Fact three is that Industry is enjoying such swollen profits that it is absurd to deny their relation to swollen prices. Corporate profits after taxes for 1947 went to 17.4 billion dollars, a 39.2 per cent increase over 1946. A recent Commerce Department survey of 400 companies indicates that profits were still rising as of the first quarter of 1948. The justification, if any, of this big spree is that we are enjoying a period of booming prosperity. The supplier, the wholesaler, the retailer get theirs. The stockholder, the speculator, the broker are doing fine. Wages are up and taxes, temporarily, are down. But this superficial reasoning blows up in the face of whoever buys the over-priced products of factory, farm and plant. The upward spiral of inflation gets its driving power from the profit-takers along the line.

These three sets of facts, then, give answers to the composite question: "What can the public do about it?" The public can demand of government that a national stabilization conference be called at once, regardless of the political calendar. It can demand of Labor that an end be called to self-pity and temper-tantrums. It can demand of Industry a price-profit moratorium, no-excuses accepted. The kid brothers of big Labor and big Industry can get together and insist on a truce.

BIBLE THOUGHT

Marvel not at this: for the hour is coming, in the which all that are in the graves shall hear his voice, and shall come forth: they that have done good, unto the resurrection of life; and they that have done evil, unto the resurrection of damnation. John 5:28,29.

Just Folks

By EDGAR A. GUEST

"A HOME OF HER OWN"
With the dishes to wash and the beds to be made.
The carpets to sweep and the board to be laid.
And garments to mend when the long day is through
It is certain a woman has plenty to do.

With the dusting to do and the glassware to shine.
And the washing each week to hang out on the line.
The children to dress and the silver keep bright.
A woman is busy from morning to night.

With a husband to care for and nurse when he is ill.
And a garden, lest weeds overrun it, to till.

With the shopping to do and the meals to prepare.
Little time for herself has a mother to spare.

Yet tasks such as these and a life such as this
Are what every girl dreams of and hopes not to miss.
And there's never a maid, though its burden is known,
But deep in her heart wants a home of her own.

REBEKAHS BANQUET

MOTHERS, DAUGHTERS

At I.O.O.F. hall, the Rachel Rebekah lodge No. 40 gathered on Monday evening for a mothers and daughters banquet at 6:30, with about 45 in attendance. Candidates were special guests.

The invocation was given by Sister Susie Gillespie. Sister Jennie Thompson gave a toast to the daughters, and Sister Thelma Oliver a toast to the mothers.

After dinner a program of music and readings was presented.

At 8 o'clock the lodge business was taken up, with Sister Mary Patterson presiding. Routine business was transacted. Sister Martha Fox was introduced and welcomed.

A large class of candidates was initiated. Splendid floor work was exemplified, directed by Sister Gillespie.

Guests were present from Youngstown, Enon Valley and local lodge Emaline Rose No. 37. Short talks were made by some of the candidates and guests.

Meeting closed with benediction to meet again Monday evening, June 14.

ALPHA GAMMA DELTA GROUP ENTERTAINED

Alpha Epsilon alumnae chapter of Alpha Gamma Delta was entertained for its May meeting Tuesday evening in the home of Mrs. Floyd Whitman Euclid avenue, with Mrs. Edward E. Grofeland and Mrs. William Bissell as associate hostesses.

After business with Mrs. Joseph Ferris presiding a social time was enjoyed during the remainder of the evening.

The house was beautifully decorated with spring flowers for the occasion and at the close of the evening a delicious lunch was served.

Next meeting will be a picnic in the summer home of Mrs. Robert G. Dickson on the Slippery Rock near McConnell's Mills, with Miss Hazel Toepfer as the chairman of the committee on arrangements.

VIRGINIA BIGLEY NAMES WEDDING DATE

Miss Virginia Bigley, daughter of Mr. and Mrs. Robert Bigley, 15 Boroline street, has chosen Saturday evening, June 5 as the date for her marriage to Dominick Averso, of 1422 Cron avenue, son of the late Mr. and Mrs. Joseph Averso.

The open church ceremony will take place at 8:30 in the First Christian church, on the Public Square with Rev. James N. Rainey, pastor of the Central Christian church officiating.

Miss Katherine Bevan will be maid of honor while Frank Pandolph will serve the bridegroom as best man.

Formal Installation

Nu Phi Mu sorority had its formal installation service at the home of Mrs. Helen Duncan of Delaware avenue, on a recent evening.

The sisters renewed their pledge and three new pledges, Nancy Sadler, Alida Ticcone and Cora Murphy, were installed by Mrs. Margaret Copson, who was aided by Mrs. Duncan and Mrs. Peg Ueber.

New officers were installed as follows: President, Anne Martin; vice president, Connie Branstetter; recording secretary, Camille Augustine; cor. secretary, Doris Ringer; treasurer, Ruth Sanfilippo.

Following the installation came "fun time," after which a light lunch was served by the hostess, Mrs. Duncan.

The next regular meeting will be held in the Swing Lobby lounge room on June 1.

Eltekon Class

Members of the Eltekon class of the First Methodist class met at the home of Mr. and Mrs. Richard Marquis, Walmo, on Tuesday evening, with Mr. and Mrs. Paul Swift as co-hosts.

A regular business meeting was conducted with election of officers resulting as follows: President, Richard Marquis; vice president, Mrs. Michael Bowden; secretary, Mrs. Wayne Stover; treasurer, Mrs. James Gaiser. The teacher is Sidney Lockley.

It was decided to dispense with business meetings during June, July and August and have picnics instead.

A delicious lunch was served at a later hour.

First Congregational

This evening at 7:30 in the First Congregational church, the pastor, Rev. Thomas J. Jones, will conduct a preparatory service for communion service which will be observed on Memorial Sunday morning at 11 o'clock.

The change in date of the regular communion service was made on account of the Gymnasia Ganu, to be held in Canton, O. June 6, where many connected with the local church have already planned to attend.

Judge Musmanno Back From Europe

Pittsburgh Judge Presided At War Crimes Trials At Nuremberg Court

PITTSBURGH, May 26.—(INS)—Judge Michael A. Musmanno, Pittsburgh jurist, said he was going shopping "for some new clothes" today.

Judge Musmanno with the rank of captain in the navy, has just returned from Europe where he presided over the war crimes trials at the international court at Nuremberg.

The jurist said the he worked harder than he thought he ever could during the eight months he was on the Nuremberg bench.

He declared that his experience made him all the more zealous to administer justice adding that if "the average citizens can be assured justice in the court house, no dictator will dare raise his standard in the public square."

Judge Musmanno, about to be discharged from the navy, was re-elected to Common Pleas Court in Pittsburgh in 1943, a year after he joined the navy, but has not been sworn in yet.

Skyrocket Is Ready For Try

Douglas Skyrocket Is Reported As Ready For Trans-Sonic Try

OTHER NEWS OF NATION'S CAPITAL

WASHINGTON, May 26.—The airplane which may be the first to fly faster than sound at any altitude—the Douglas Skyrocket—is reported ready for the attempt.

That "at any altitude" is significant. Speed of sound is 763 miles an hour at sea level, and gets slower at higher altitudes where atmospheric pressure against the plane is lower.

It has been frequently reported that one, and possibly two United States plane types, have bettered sound-speed at about 40,000 feet where the barrier is crossed at 640 miles an hour.

However, fastest known speed at sea level is the 650 miles an hour achieved by the Douglas Skyrocket, forerunner of the Skyrocket.

When and if the Skyrocket smashes through the sonic barrier, the feat will remain secret to prevent possible enemy powers from learning what type of plane broke the mark.

A big design question mark has existed as to the shape of the plane which can most successfully knife through the wall of air which builds up as sonic speed is approached. Hence, if a swept-back wing type—which the Skyrocket is not—was first to make the grade, foreign designers could simply start from that point.

Dewey Eyes California

Gov. Thomas E. Dewey's whirlwind campaign in Oregon, where he sought the Beaver state's 12 GOP national convention votes, has been conducted with an astute political eye cocked on California.

In the California primary June 1, Gov. Earl Warren, the Golden state chief executive, is expected to win the backing vote of the state's entire convention delegation of 53 votes.

However, political experts, not discounting Warren's potentialities as a "dark horse," point out that he can release his delegation to whom-ever he chooses at the national convention.

When and if Warren makes a deal and decides to let go, California's 53 votes may be a windfall that will lead to the Republican nomination.

Dewey, Harold E. Stassen and Ohio's Senator Robert A. Taft have kept hands off the California primary. Each is wooing California and entertaining hopes that Warren will cast his delegates "the right way."

Dewey was trying to bridge the early coolness between him and Warren in his Oregon campaign and has advocated a secretary of the interior from the west—a view shared by Warren.

Strange Allies

The adage about politics making strange bedfellows was never more graphically illustrated than in the 72-to-2 Senate vote on the important 70-group Air Force bill.

The two "nay" votes were cast by Senator Harry P. Cain (R) Washington, generally considered to be the most conservative of the younger senators, and Senator Glen H. Taylor (D), Idaho, ultra-liberal candidate for vice-president, on Henry Wallace's "new party" ticket.

Each seemed embarrassed over being allied with the other. Cain quickly suggested that the reasons for votes "are sometimes different," while Taylor grinned and remarked "Well, we sometimes have strange allies in this business."

No Land Bust

Agriculture department officials are confident there will be no duplication of the post-World War I land boom-bust which reached its peak in the wave of whole-sale foreclosures in the 1930s.

Department reports show that land values have outdistanced prices in the 1920s. The turning point appears to have been reached in most sections of the country.

Department experts say farmers have played the land-buying game eagerly. Most have paid off their mortgages. Others have maintained an even, or better than even balance with their income so they won't be caught short when values begin to hit the skids.

Report Increase In Fatalities On State Highways

HARRISBURG, May 26.—The Bureau of Highway Safety of the Department of Revenue today reported an increase in highway fatalities in February and March.

For the first three months of the year there were 331 fatalities against 340 in the same period of last year, the advantageous report for this period resulting from the unusually favorable report for January, 1948.

In January of this year there

were 99 fatalities against 135 in the same month of 1947. In February 1948, there were 102 fatalities against 95 in the February, 1947. In March, 1948, there were 130 fatalities against 110 in March 1947.

A further breakdown of the report shows 181 rural highway fatalities in the first three months of this year against 179 in the same period of 1947 while in the cities there were 150 fatalities in the first three months of 1948 against 161 in the same period of 1947.

Anabara is a river in Siberia, emptying into the Arctic ocean, Asia, and forming the boundary between the government of Yeniseisk and the territory of Yakutsk.

WEATHER HANDICAP

HARRISBURG, May 26.—Little work was accomplished on Pennsylvania farms during the week ended May 18, the State Department of Agriculture announced today.

A Federal-State Weather and Crop Summary showed that rain-

fall for the period was 1 inch above normal for the entire state. Growth of crops was spurred by the warmth of the first day or two then retarded by rain and lower temperatures the remainder of the week.

Rains interrupted the planting of corn, the department reported.

Geneva Celebrates 100th Anniversary

BEAVER FALLS, Pa., May 26.—(INS)—Geneva college, which had its inception in a small general store in Northwood, O., more than

a century ago, celebrates its 100th anniversary this week and next. It was in 1848 the school, later transferred to Beaver Falls, opened in Northwood with 42 students. The centennial starts Thursday

and continues until a week from Monday, with thousands of students and alumni expected to be present in contrast to the 42 on hand when it first opened.

Montgomery Wants Nag
Robert Montgomery is jealous of Gary Cooper and Roy Rogers. Why? "Cause they got horses, says Bob. What he wants to do more than anything else is play in a western."

The star—now making "June Bride" with Betty Davis at Warners—said he went up to a director, famous for his western pictures, the other day, and offered to do a "bit" in his next show. Bob pleaded, "Just let me ride a cayuse and wear spurs."

But the director only laughed. The closet Montgomery has ever come to the kind of saddle-and-cactus life is supervising the activities of his farm near Carmel, N. Y. "And that's not very satisfactory," he says, "my wife won't let me wear spurs on the farm. Think they scare the chickens. And, anyway, she's afraid the farmers next door will laugh at me."

Seventh Ward

Women's Lodge Meets Tuesday

Mabel Wilson Lodge To Plan Annual Picnic; Sick, Flower Committee Chosen

In their lodge room on North Liberty street, members of Mabel Wilson lodge 567 met on Tuesday evening, for their regular business session.

Mrs. William M. King presided. A sick and flowers committee was chosen—Mrs. William King, Mrs. William G. Sapper, Mrs. George Fisher, Mrs. Lila Thayer.

The door prize was captured by Mrs. Philip Thomas. Games of contest were the diversion.

A delicious lunch was served by the social committee, Mrs. George Fisher, Mrs. Edward Johnson, Mrs. Claire Ueber.

Next meeting of the group is scheduled for Tuesday evening, June 8, when plans will be made for the annual picnic.

Civic Club Plans Evening Meetings

On Tuesday, at noon, members of the Seventh Ward Civic club gathered in St. Margaret's hall, with Manning Weller presiding.

The club decided to stagger the meetings, and have evening meetings on first and third Tuesdays of each month; the noon meetings will continue on the alternate Tuesdays.

Arrangements for the evening meetings at 8 o'clock were made for the benefit of citizens who were unable to attend on account of their occupation.

At the first evening meeting, Owen Fox, city forester, will appear with plans for the improvement of Liberty Park. Those interested in the progress and advancement of affairs in the ward and city, are urged to attend these meetings.

Honor Daughter On Seventh Birthday

At the home of Mr. and Mrs. Tony Conti of 216 West Wabash avenue, a group of 25 youngsters gathered over the weekend for a party. The occasion was sponsored by Mrs. William Myers, in honor of her daughter Loretta Baxter's seventh birthday anniversary.

During the afternoon, various games were played, and prizes distributed. A tasty lunch was served by the hostess, assisted by Mrs. Louise Debelak and Mrs. Bertha Pirlozzi.

The honored guest received some nice gifts and a purse of money. Mrs. B. Baxter and Miss Gladys Watt were special guests.

SEVENTH WARD NOTES

Light pink roses are blooming on the lawn at 220 North Liberty street.

Mrs. Ann Nocera of South Wayne street, has returned to her home from New Castle Hospital, where she received treatment.

Mrs. Chris Antoline and daughter Lorraine, have returned, after a few days visit with former's parents, Mr. and Mrs. Dan Rainey of Darlington avenue.

A nice improvement is almost complete at Columbus hall, South Liberty street. The spacious steps fronting on the building has been rebuilt with pressed brick.

Tuesday, workmen were giving the wire fence fronting the Elco Steel Company plant, on North Cedar street, a coat of aluminum paint which has brightened things up quite a bit.

Owen Fox with his team of city employees, were busy Tuesday afternoon, cleaning up and putting into good shape, the city fountain at corner of West Cherry and Liberty streets, ready for a cool drink of water for the ward folks, this summer.

Members of the Boy Scouts troop X4, will meet on Thursday

evening, at the baseball diamond, at end of West Clayton street, at 7 o'clock. Robert Olmstead, scoutmaster, will be in charge of the meeting. It is proposed to organize a softball team.

Mr. and Mrs. Frank DeLuca, Galesburg, Ill., Mrs. Russell Hatch and Mrs. Martin Piaceo, of Abington, Ill., have returned, after concluding a visit with the former's sister, Mrs. Ralph Frenkel and family, of 207 West Madison avenue.

Mr. and Mrs. Ralph Frenkel, West Madison avenue, Mr. and Mrs. Pete Piaceo, 210 West Madison avenue, Mrs. Robert Shaffer, of New Wilmington, have returned from Rochester, Pa., where they attended a graduation party, honoring the former's niece, Miss Mildred Mine.

At St. Margaret's hall, the sports committee of St. Margaret's Council No. 74, are calling for an important meeting for this evening, at 8 o'clock D.S.T., for all committees, men and women, to discuss arrangements for a spaghetti supper, to be given on Thursday evening, June 3. Beginning at 9 o'clock, there will be a period of entertainment and dancing.

Buffalo nickels were minted in the U. S. beginning in 1913.

All-New 1949 Ford Car Is Displayed To Nation's Dealers

New Car Will Be Shown To Public On June 18; Huge Investment To Make New Car

The All-New 1949 Ford car was shown for the first time to more than 1,000 Ford dealers, from the northeastern part of the country at a regional sales meeting and preview showing held Saturday, May 22, in New York City's Waldorf-Astoria, it is disclosed.

Although the new Ford line will not be shown publicly until the world premiere, June 18, in the Waldorf-Astoria, the private preview was held so Ford dealers could get an early glimpse of the radically-changed cars they will soon offer to the public.

Design, appearance and engineering features of the new line will remain confidential until the public introduction June 18.

Henry Ford II, president of the Ford Motor company, in a special film message to the dealer group declared, "There is only one feature—one outstanding feature—in the 1949 line that is not new. It is a feature that was built into today's car by my grandfather. We might call that feature the traditional Ford philosophy of giving the public the highest quality at the lowest possible price. That's what makes it a Ford."

The new 1949 line of Ford passenger automobiles represents an investment by the Ford Motor Co. of more than \$110,000,000 in new equipment, tools, dies, machines and several new plants. This huge investment, however, has enabled Ford to produce the first all-new cars in the automotive industry.

Eagles To Honor Outgoing Officers

In honor of the outgoing officers, who will relinquish their posts next month, an initiation ceremony will be staged at the meeting of New Castle Aerie No. 435, Fraternal Order of Eagles, this evening at 8 o'clock.

A class of 75 candidates will be initiated and refreshments will be served at the close of the meeting.

The class will be in honor of outgoing president George B. Cowan, who is completing a successful year as president.

Order Poolrooms Closed On Sundays

Because poolrooms will be closed tighter than a drum Sunday many persons who congregated there to read baseball results on tickers will have to forego that information, or get it via radio at their homes in the future. Chief of Police Robert D. Hanna having issued orders to all poolrooms to remain closed on Sundays, pursuant to a city ordinance.

Firemen To Place Memorial Wreath

Instead of placing a wreath at each cemetery in the city, as has been the custom in the past years at the Memorial Day season, the New Castle firemen will place a wreath at the Diamond.

This will honor the memory of members of the department who have passed on down through the years.

SMALL FIRE
Fifth ward and B truck companies were called to the home of Harold Frazier of 1307 Grimes street, where a small fire was found in the cellar of the home. The damage was small.

Milk And Dairy Drivers May Strike In Pittsburgh Area

PITTSBURGH, May 26.—(INS)—Milk and dairy drivers in the Pittsburgh area were reported today to be in favor of a strike if there is a breakdown in current wage negotiations.

The fact was made known at a meeting last night of about 2,300 of the 3,000 members of the AFL Milk and Ice Cream Drivers, Local 205.

Union officials said the men voted nine to one in favor of a strike last April, but results of the ballot were not announced until last night.

The union has asked a 15-cent hourly wage increase, it was reported, while the Greater Pittsburgh Milk Dealers Association has countered with an 8-cent an hour offer.

A milk strike would cut off milk deliveries to some 1,000,000 users in the Pittsburgh area.

REVENUE OFFICE TO CLOSE MONDAY

It was announced today by Stanley Granger, collector of internal revenue, for the 23rd district of Pennsylvania, that the local internal revenue office, room 201 Post Office building, will be closed on Monday, May 31, when the Memorial Day holiday will be observed.

THE ENGAGEMENT

"I am soon to become engaged and would like to know how I may 'spread the news' without giving a party for the purpose. I have many out-of-town friends and my fiancé's friends and family live out of town. How should I let them know? May I send them engagement cards?"

Answer: More engagements take place without an announcement party than with one, I should say. Indeed, it is not at all necessary to give any entertainment for the purpose of an announcement. You may, if you choose, have a luncheon at your home or at a hotel to entertain your friends and during it tell the good news. Or you may simply send the notice to the newspapers in both your city and that where your fiancé's family and friends live. This must be done by the bride's family.

Sometimes, instead of making any formal announcement, the bride-to-be gives the news to several of her most intimate friends and depends upon them to spread it among their friends and acquaintances.

The choice of announcement is optional, depending upon personal preference. However, the situation is handled, the announcement must come from the bride's family and never from the groom's, although, of course, the young man may spread the news verbally.

Write notes, if you choose, to your out-of-town friends and relatives. Printed or engraved cards for this purpose are not correct. Let it be personal letters or nothing.

Question: Is the finger bowl a "must"? That is, if you feel that you have no need to dip your fingers, must you anyway?

Answer: It is not a "must" but what harm could there be in dipping when the bowl is placed before you? It is merely a formality and not a necessity in this civilized era of eating with silver instead of with fingers. When one is placed before you, use it.

Present your problems to Miss Martel who will promptly send personal replies to questions from readers enclosing stamped, addressed envelopes.

Old County Records Being Revived

—New Castle News Photo

Four men are engaged in the process of intensifying old records for the Register and Recorder's office. In the left foreground is Kenneth C. Young, back of him Charles W. Austin and in the upper left hand corner, Donald F. Hultman. Seated at the drier, lower right hand corner, is Harry Schell.

In the furnace room of the courthouse at the present time a "documentary laundry" is being conducted. The Edw. C. Hultman company of Pittsburgh is intensifying old records for the office of Register and Recorder Orville Potter.

The process by which it is done is a patented process and works wonders on old faded deeds, wills and other documents. The record book is taken apart and each page is put into what appears to be a tray of developing chemical.

The old faded writing hops out in bold relief, and the sheet is then placed in the fixing bath. From there it goes to the rinsing bath and finally to the drier. Later

the pages will all be bound again and records that are 60 years old will look as if they had just been written.

The work has been going on for several months and will continue for at least two months yet. The county commissioners inspected work in other counties and decided to have it done here. As a result of the intensification process, records are given an estimated 50 years of life beyond normal.

The process works only with records written in ink that have an iron base, the type of ink used years ago almost exclusively. Thus far the results on the records in the courthouse have been satisfactory.

There are also play schools, conventional schools, and music schools. Fortunately are the children with musical talents who can attend one of the fine music camps. Most summer camps, indeed, aim at good education, though, not often of the bookish sort.

But tuition summer camps and schools are only for children, as a rule, whose parents can afford to pay the price. Their opportunities are denied to the rank and file of our children.

Parents who can afford to provide music lessons for their talented children would do well to keep these children's lessons going through the summer vacation. Most children who take music lessons have more time to practice in summer than during school months. Some of them could profit from more frequent lessons in summer than in winter. A few school children, indeed, had better limit most or all their music lessons to the summer period, in case the nervous strain for them during the school term is, together with regular school work, excessive.

But customs are powerful and parents who wish to have the child take music lessons in summer need to be adroit lest the child suppose he is violently mistreated in having music practice during vacation.

yet nothing is done. She was particularly concerned over the plight of the aged who are trying to exist on pitifully inadequate old-age assistance.

Close To Tasks
Because they are closer to the tasks of daily living, women can have a more immediate sense of what a law will do in actual practice. In an article she wrote recently, Mrs. Douglas put it this way:

"As members of the community, women find that laws and their making are not abstract problems but a necessary outgrowth of having to face problems of housing, delinquency, playgrounds, nurseries, discrimination—directly, not merely in debating societies or in the halls of government."

Congress would be improved, in my opinion, with a higher proportion of women members, particularly if they had the qualifications of Mrs. Smith, who is now serving her fifth term in the House, and of Mrs. Douglas, who is running for a third term. I hope they are both returned to Washington so that the Congress and the nation can have the benefit of their practical, responsible approach to the big problems that confront us all. bed hangings were limited by law. Only the Doge, or ruling magistrate and his family were exempt.

A recent dispatch from Moscow says that the Soviet government requires one million seven hundred thousand bookkeepers and auditors to keep check on the work of the multiplicity of bureaus running the country. That is a lot of clerical help, and indicates to the outsiders that the commissars need a lot of checking. How many more government payrollers are living off the proletariat is undisclosed. But who are we to talk?

About three per cent of Americans 18 to 21 years old were in college-grade schools in 1890, compared with 154 per cent in 1940.

Death Driver Given Sentence

DOYLESTOWN, Pa., May 26.—(INS)—Robert H. Kerr, 32, of Butler, Pa., has been sentenced to six months to three years in jail on charges of involuntary manslaughter and drunken driving.

Sentence was passed by Judge Hiram H. Keller after a jury recommended extreme leniency.

Kerr, a former Navy lieutenant-commander, was accused of striking Kenneth H. Hayter, 43, of Warrenton, with his automobile on March 6, 1947. Kerr was then attached to the Willow Grove Naval Air Station.

The Repertory theatre was first attempted in England in 1908 to establish a theater for repertory similar to those in continental cities. The old Gaiety theater, in Manchester, was bought and made into a repertory theater. It was a success, others were established and, in 1930-31, Eve Le Gallienne managed a repertory theater in New York City, having previously established similar successful organizations elsewhere.

New downdraft design keeps burning odor, fly dust from the house.

Tested and Approved by American Gas Association Laboratories

Yes! Now you can burn up your garbage and refuse quickly, cleanly. Gar-Disposal's new principle pulls warm air down from the top of the unit. Odors, fly ash can't escape into the house.

And that's not all! Downdraft pulls warm air through and around the garbage, drying it so that it burns easily and quickly. That saves fuel, makes Gar-Disposal more economical to use.

Get rid of that smelly, unsanitary garbage can NOW!

Court House**Lethargy Marks Registration**

Unregistered Voters Show No Interest As Yet In Qualifying For Election

OTHER EVENTS IN COURT HOUSE

It may be the weather or it may be a total lack of interest, but lethargy marks the unregistered voters of the county in qualifying for the November election. Since the books opened after the April 27 primary but few have registered. The books close on September 11 which is some ways off as yet, but there are an estimated 7,000 voters in this county who are not qualified.

If the estimated 2,000 decided to register for the November election it would take a day, about an average of 100 per day. As time goes by and the lethargy holds, it will take a higher average daily.

By August the registration bureau will probably be swamped. The clerks can do so much in eight hours. Registering now or within the next two weeks will save a long wait in late August and early September.

FINALLY RECORDED IT

Pvt. Hilliard's Body Brought Here Today
Burial To Take Place Thursday Morning; Killed in Action On Guam, June 27, 1945

The body of the late Pvt. James Richard Hilliard, aged 18, U. S. Marine Corps, and resident of Ingram, Pittsburgh, arrived at the Pennsylvania Railroad this city, this morning, and was taken to the Cunningham funeral home, East Washington street, at Chestnut, awaiting burial.

Pvt. Hilliard was killed in action on June 27, 1945, while with the U. S. Marines in Guam. He was attached to Company A, Third Engineers Battalion, of the Third Marine Division.

Born in New Castle, son of the late Don W. Hilliard and Katherine Granfield Hilliard, the youth spent practically his entire life in Pittsburgh, except for the time with the Marine Corps. He attended St. Phillips Parochial school and Crafton High school.

His father, the late Don W. Hilliard, who died in 1938, was a former employee on the New Castle News, the Pittsburgh Press, Pittsburgh Sun-Telegraph and was also a member for a time of the United Press staff at Pittsburgh.

In addition to his mother, Mrs. Katherine Hilliard, of 14 Leslie street, Ingram, Pittsburgh, Pvt. Hilliard is survived by a brother, Don Hilliard, Jr., also a veteran of the military service; two sisters, Mrs. Conrad Primavera, Pittsburgh and Jane Hilliard of Ingram; five aunts, Helen and Margaret Granfield, Pearl Hilliard, this city; Mrs. James E. Grady, Youngstown, O., and Mrs. Victor J. Bronder of Greenville, Pa., and an uncle Raymond Hilliard, of Ellwood City.

Friends may call at the Cunningham funeral home, Wednesday evening, 7 to 9 o'clock.

On Thursday morning at 11 o'clock the body will be taken to St. Mary's cemetery, where burial services will be held. Six members of the Crafton High school graduating class will be the pallbearers. Ceremonies at the grave will be conducted by the Perry S. Gaston Post, American Legion. Religious rites were conducted for Pvt. Hilliard, at Guam.

The raccoon does not hibernate when winter comes. He retreats to his den, slumbering intermittently until warm weather comes.

Plan Program At West Side School

The final program of the school year is planned by the boys and girls of the West Side school when the music and dramatic departments will join for an interesting program to be presented before the student body and friends on Friday. Miss Margaretta Hess and Miss Belle Kyle along with other

teachers will be in charge of the various phases of the program. The program will open with an acoustic. "Our Flag" by Haldie Tucker, Joan Schuller, David Wanstler and Pauline Massaro, followed by "On Memorial Day" presented by Faith Nelson, Gwendolyn Rankin and Georgene Ritchie. A poem, "Your Flag and My Flag", will be given by Mary Ann McBride. The history of Memorial Day will be recited by Joy Finamore followed by a poem, "When the Flag Goes By" by Joy Deiger.

The musical portion of the program will consist of: Violin solo, Thomas Schweikert; trumpet E flat and alto horn duo, Dorothy Dilley and Frank Hiler. The school will open with America with the chorus singing "Columbia the Gem of the Ocean." "Hail Columbia" and "There Are Many Flags in Many Lands" and "Battle Hymn of the Republic". On Tuesday and Wednesday in the school, June 1 and 2, Miss Hess will present the students in a class music recital.

Opponents Of Wage Tax Proposal Are Heard By Council

Various reasons were given by spokesmen in opposition to the proposed general personal property tax bill (which provides for the taxing of wages) during a council committee meeting held in the municipal building Monday.

L. B. Round, president GNCA, said the association recommended adoption of the enabling measure, but reserved the right to talk when the time came for the submission of a measure actually levying taxes on wages.

"Money Being Misapplied" Mrs. Frank Myer, South Front street, criticized council, stating money is being misapplied, said too many things not needed were started, such as the new city hall, and claimed her taxes were higher this year.

Mayor John F. Haven reminded Mrs. Myer that the meeting was for the purpose of discussing the proposed tax ordinance and said the alleged increase in her taxes would be investigated. Finance Director Albert A. Hoyland said the records were available.

"Wage Tax Injustice" Ralph Audino of the A. F. of L. said the collection of the tax would create a burden on industry, declared the mercantile tax should not be abolished (as proposed) and claims the wage tax is an injustice to labor.

Mayor Haven reminded Mr. Audino that city employees had received no increase in wages and the city had not bought any equipment.

Mr. Audino said it was wrong to abolish the mercantile tax then add a new tax, stated the tax would be on gross wages and believed he stated the question should go on the ballot.

"Outside Firms Not to Pay?" F. J. Boyd of the Boyd Dairy stated there were outside firms doing business in New Castle which do not pay any mercantile tax, but if such was done, it would add to the city's finance.

Harold Booth, United Steelworkers local 1284, presented a resolution by the local, which cited taxes now being paid, and felt any additional tax would be a burden. The local also said in the resolution that if the bill was adopted council would be opposed by the local.

C. M. Uber, B. R. of T., said the tax would come out of gross wages and said many workers had large families, while some people have no children and he felt that for the people with large families to pay the same tax would be unfair to them. He said railroad crews oppose the proposed measure.

"Robbing Peter To Pay Paul" J. S. Doone, Long avenue, said that by abolishing the mercantile tax and adding a wage tax was like robbing Peter to pay Paul. He said it would result in the creation of an expensive bureau and half of the tax would be paid out in wages. He said he failed to note anything wrong with the present system, and suggested that if the city had to have more money to raise the millage. He said the businessman would pay on his net earnings then asked "Will he cut down the price of his goods?"

Joseph Blews submitted a resolution adopted by the United Auto Workers, Peter Costello president, which opposes the bill on general principles, and said that if passed, the local would oppose council.

Mr. Higgins of Haus avenue asked how plants outside the city which employ city residents would fare in other words, could the taxes be collected?

Mayor Haven replied affirmatively. Asks "Personal Property" Definition J. B. Foster, realtor, said there should be a provision in the measure earmarked for the reduction of property tax, and future councils should be bound by it. He asked a definition of "personal property".

He was informed the measure was patterned after state law, which prescribes how the measure should be written, that future councils cannot be bound by any present council, and that by "personal property" it was meant that "anything not now taxed by the state can be taxed"—for instance, if desired, a radio, hat shoes, in fact anything.

Harold Leach, another realtor, asked the same question about personal property, stating in Ohio, it meant watches, autos, etc. He received the same reply from Solicitor Robert White, who explained the present bill does not levy a tax but paves the way for a later tax ordinance.

Mayor Haven told Mr. Foster that if the city does pass the wage, or personal property tax bill, there will still be a tax on property.

Round Speaks L. B. Round, president GNCA, said "none of us like taxes," stating that in years past many organizations have been formed to attempt to secure tax reductions, and up to this year "people have been paying war-time taxes, and paying willingly", after which he added that "this community has been fortunate".

He told of the state highway department having taken over maintenance of thoroughfares through the city, and maintained no third class city in the state has been so favored by the state as has been New Castle.

He described how during 1930-1940, because of taxes being delinquent hundreds of homes were lost, but things now are different here because of diversified industries.

Mr. Round said about 2,000 who live here work in other cities and said the city has reached the point that, to make improvements, money must be spent, and not all the taxes can be levied against abutting properties.

Mr. Round said the city needs a route east to west and vice versa and declared that the association he represented, the GNCA, "knows we need taxes".

Must Cut Realty Taxes

He said the association was opposed to the bill so long as real estate tax was to be maintained at its present level. (Council has stated it intends to cut the tax on property if the wage bill is adopted for 1949).

Industry is the life-blood of the community, and he said that the city must be favorable toward industry.

He mildly censured the resolution in which opponents of the measure indicated they would vote against any member of council or future member who favors the bill.

He said the GNCA is in favor of the enabling measure, which sets up the machinery for the tax, but the association also reserves the right to talk when the time comes for actually imposing the tax.

He praised council for their administration of affairs, and added that what the city needs is a viaduct from Atlantic avenue across the 'hollow' to the east.

"It is to my economic benefit to create a payroll, and this is why I am 'out' to make this city a bigger city and a happy place to live."

Solicitor White informed Mr. Round, the audience and council, he had prepared a list of things that, under the state law, can be taxed, and this information will be made available to the public at the earliest possible moment.

Machinists Oppose Bill

Stanley Koszela, Charles street, of the International Machinists, said members of that body oppose the bill. He said a bureau would necessarily have to be created, and that while the tax would be deducted from wages, he alleged professional and businessmen "could cover up".

C. M. Uber again spoke about the mercantile law and was told by Finance Director Hoyland that state law set the price they could be charged—\$50 for \$50,000 worth of business, \$100 for \$100,000, and no more than \$100, even if the business amounted to half a million dollars.

Attorney Joe Solomon fired council when he inferred that council's statement that it intended that the new tax would relieve tax on property, was untrue and declared that the proponents of the measure "come from city hall".

To Relieve Property Tax

Mayor Haven quickly took up Attorney Solomon's accusation and told the attorney that council was not dishonest, and that it was their intention to relieve his property tax. Councilman Joseph D. Alexander also took issue with Mr. Solomon.

Solomon told council that "if you need money state the reason and present the picture as it is".

Mr. Round took the floor and told Mr. Solomon his remarks were uncalled for. "I say the city fathers are proceeding honestly," he pointed out that with lots of employment, and the property tax being lowered, a person has a better chance to hold his property.

Thomas Hanlon said his property tax was the smallest tax he paid, is well satisfied with it but maintained he can't "see the wage tax", and opposed removing the mercantile tax and substituting the proposed new tax.

Present Diplomas To 276 Seniors At Ellwood Last Night

Youngstown College President
Makes Principal Address
To Graduating Class

ELLWOOD CITY, May 26.—One of the largest classes in the history of Lincoln high school, Ellwood City, was graduated last night when 276 seniors received their sheepskins before an audience that filled to capacity the auditorium of the school.

The principal address was given by Dr. Howard Jones, president of Youngstown college, who was able to appear on the program following an illness which had previously caused him to cancel his engagement. Dr. Jones very aptly spoke on the subject "Responsibilities of Citizenship," pointing out to the members of the class the duties that lie ahead for them in their future life.

The valedictory address was given by Miss Armine Paul and the salutatory by James Bovard.

Frank E. Potter, vice president of the board of education, presented the diplomas with J. Ellis Bell, superintendent of schools, bringing brief remarks.

The class was presented by Gerald M. Newton, principal of the high school.

During the evening exercises, appropriate musical selections were presented by the instrument-

tal ensemble from the high school orchestra under the direction of I. Barnes Weinstein.

Roosevelt Highway Name To Be Changed

HARRISBURG, May 26.—(INS)—Gov. James H. Duff approved changing the name of the "Roosevelt Highway" (U. S. Route 6) to "The Grand Army of the Republic Highway" in Pennsylvania.

The approval was in line with similar action by 11 other states, the governor's office explained.

The route was named for Theodore Roosevelt.

The highway, which passes through 14 states, from Massachusetts to California, has been renamed by all except Nevada and Utah. The Pennsylvania general assembly authorized the change of name by joint resolution adopted in 1945.

Highway Secretary Ray F. Snook announced signs will be erected at the Ohio and New York entrances of the route to inform motorists of the new designation.

The traffic artery enters Pennsylvania near Pennline on the Ohio border west of Meadville and at Matamoras on the New York border.

Alert-Aggressive Press Is Insurance Of Good Government

CHICAGO, Ill., May 26.—(INS)—Speaker Joseph Martin (R) Mass., declared today that "an alert and aggressive press" is the nation's best insurance against bad government.

He termed it "the most powerful influence for dispelling public indifference to the affairs of government."

The Republican leader, himself a publisher, spoke at a meeting of the Inland Daily Press association in Chicago.

Martin said in a prepared speech that the freedom of the press entailed, however, a grave responsibility on the nation's fourth estate. He declared:

"It imposes upon the press and radio an obligation to be fair, impartial and truthful in its dissemination of news. Only by doing so can we hope to maintain the system of government and of society which has made America the mightiest empire of all times."

"We have seen what has happened in other lands. When the usurpers of human rights ran amuck, they first seized the newspapers and the radio stations. They knew all too well that without complete control of these media of expression their dictatorial ambitions would fail. They knew all too well that until they controlled the press, and the radio they could never control the people."

"I am happy to say that most editors and publishers are deeply

conscious of their responsibilities to the public and to the preservation of the American way of life."

N. LIBERTY

WEDDING

Miss Phyllis Uber became the bride of Ellis Klingensmith of Grove City at a 6 o'clock wedding Saturday evening in the North Liberty Presbyterian church with Dr. S. C. Gamble of Slippery Rock officiating.

The bride was given in marriage by her father, the attendants were Miss Roberta Uber, sister of the bride, as maid of honor and Leonard Wilkins of Grove City, as best man.

Many relatives and friends were witnesses at the "open church" ceremony. A reception of 150 guests was held after the ceremony at the home of the bride.

After a two weeks wedding trip, the newly weds will reside in their newly furnished apartment in Grove City.

The bride is the daughter of Mr. and Mrs. M. P. Uber, the groom, the son of Mr. and Mrs. Ernest Klingensmith of Grove City.

SHOWER

Friends and relatives met at the home of Mr. and Mrs. Jack Dremmen on Friday evening, honoring Mr. and Mrs. Tom Dremmen of Slippery Rock, whose marriage was an event of April 30.

There were about 90 present and the young couple received a number of beautiful and useful gifts. A delicious lunch was served by Mrs. Dremmen, Sr., and Mrs. Bud Grossman.

GRADUATION

Several graduates of Grove City High school will attend the Commencement exercises Thursday evening in the High school building. Those from here who graduate are: Lewis Sankey, Walter Rust, Jr., Donna Boyd, Virginia Matuszewski and Thelma Heasley.

BIRTHDAY PARTY

Helen Chambers entertained school mates Thursday evening, when she celebrated her eleventh birthday. Mrs. Chambers served a delicious lunch and Helen received some lovely gifts from her guests.

NORTH LIBERTY NOTES

Mr. and Mrs. Pete Michels who have made their home with the latter's brother, William Sankey, have moved to their recently purchased home at Lakewood. George Stevenson and son of

Youngstown, Ohio, were recent visitors of D. E. Stevenson.

Mrs. Anna Raiston of Youngstown, Ohio, spent the weekend with Mr. and Mrs. T. A. George.

Mr. and Mrs. John Michler of Mercer were dinner guests of Mr. and Mrs. James Ryder on Saturday.

Mr. and Mrs. Beightley of Portersville spent the week end with Mr. and Mrs. Arthur Cooper.

Mr. and Mrs. Dewitt Uber visited Dave Gibson of Blacktown, who is ill at his home with pneumonia.

Mr. and Mrs. Bailey Barnes of Grove City spent Thursday evening with Mr. and Mrs. T. A. George.

John N. Oaks of Grove City was a visitor here Wednesday night.

Magic Hot Springs, near Twin Falls, Ida., are charged with radium and other minerals, and were used by native Indians for their curative powers.

Variety Of New Taxes Proposed

CONNELLSVILLE, Pa., May 26.—(INS)—The South Union School board today considered a variety of new township taxes.

The proposed levies include: A four-mill merchandise tax on retail dealers and cleaning and dyeing plants, plus a \$3 annual

mercantile license; a four per cent amusement tax; a \$15 tax on juke boxes; a \$25 tax on pinball machines; a \$5 tax on vending machines operating for less than five cents, and a \$50 levy on those operating for more than five cents. Other proposed new taxes include:

A hotel tax of \$20 per room, and a \$5 a room levy on private homes used for lodging and on tourist camps.

A 10-cents a ton tax on all coal

mined in the township, and a five-cents a ton tax on coal brought into the township for shipment on railroad cars or for making coke; a five-cent tax on all red dog, burned slate or mine refuse loaded for shipment or for sale, and a five per cent levy on outdoor advertising signs.

The whippet is considered the fastest of all dogs for distances up to 100 yards. The greyhound is faster for longer distances.

Charge New Method Of Evading Income Taxes

By FELIX COTTEN

WASHINGTON May 26.—A special
house committee said today
that it has information that some
big-time American market traders
may be evading income taxes
through foreign brokers.

The committee headed by Rep.
Andersen (R) Minn., made this
charge in a report to the house on
speculation in United States
markets by aliens. The group was
set up to inquire into commodity
speculation by government officials,
American citizens and foreign-
ers.

Recommend "Loophole" Be
Plugged
It recommended that the tax
"loophole" be plugged by requir-
ing U. S. brokers handling foreign
transactions to obtain "true names
and addresses" of persons actually
making the trades.

This could be done, it said, by
an Internal Revenue bureau regula-
tion, or by passage of legislation
"if necessary."

The committee said it discovered
that "several" brokerage firms had
been established in adjacent for-
eign countries in the last two years,
and that these firms handled sub-
stantial transactions on U. S.
markets. The report added:
"Some of the traders may be
American citizens who transact
their business through foreign
brokers in neighboring countries
to avoid taxation on capital gains."

Would Make Aliens Pay
The committee recommended
that non-resident aliens be com-
pelled to pay the 25 per cent tax
on long-term capital gains realized
from trading in American markets.
It charged "discrimination" in forc-
ing American citizens to pay this
tax will grant exemption to many
aliens.

Non-resident aliens, it said, do
not have to pay the capital levy
unless they have a trade or busi-
ness in the U. S. Moreover, aliens
can remain in the U. S. in a non-
resident status for as long as four
years.

The group proposed that Ameri-
can brokers be required to with-
hold the capital gains tax on aliens
outside the U. S. non-resident
aliens engaging in hedging opera-
tions, the committee said, should
have to pay a capital gains tax
"for the protection."

The committee disclosed large-
scale commodity trading opera-
tions by many aliens in 1946 and
1947. Huge trades came from Bra-
zil, Canada, Mexico, Cuba, Eng-
land, China, Iran, Iraq, France,
Argentina, Switzerland, Uruguay
and The Philippines.

Three Russians in the U. S. de-
alt in a mere \$556,700 worth of
cotton, wheat and lard. However
31 Polish traders engaged in com-
modity transactions valued at \$10,
009,100.

Jack McDevitt, of Chicago, Ill.,
arrived at the home of his mother
in time to surprise her for her
birthday. He will visit his mother,
Mrs. Louella Marshall, Hart street,
for one week's vacation.

Mrs. Cleora Krah, 430 Neshan-
nock avenue, is home from the hos-
pital and is getting along very
nicely. She is now able to receive
guests.

WIENER ROAST

A wiener roast and party was
held Monday night in the basement
of the Methodist church, honoring
thirteen boys who gathered paper
during the drive launched last
week.

Members of the W.S.C.S. of the
church entertained the boys and
served the lunch. The tables were
covered with newspapers as a sym-
bol of the event and decorations
were carried out in red, white and
blue. Lighted tapers were used
on the tables.

Contests and games were the
diversion with prizes awarded the
winners.

At a late hour adjournment was
made and the boys promised to
aid in the next drive which will
take place in August.

PLAN RELIGIOUS SCHOOL

Meeting Tuesday night in the
Methodist church, the committee
for the annual Week Day Religious
school completed plans for the
opening June 2nd.

The sessions will be held in the
Methodist church and will begin
at 9 a. m. Teachers for the school
are announced as follows: Mrs.
Jack Boyd, Mrs. Charles Aiken,
Mrs. Gordon Henderson, Mrs. Wal-
ter Kishner, Mrs. P. I. Anderson
and Miss Nellie Grinnin.

MEETING POSTPONED

The meeting of the Boethian
Circle which was to have been held
Thursday night has been postponed
until next Thursday night. The
meeting date was changed on ac-
count of commencement which will
be held that night.

WAMPUM NOTES

Park Planned In Warren-Venango

Recreation Spot Long Projected About To Become Reality In State

OTHER NEWS OF STATE AFFAIRS

HARRISBURG, May 26.—(INS)—The recreation park for Warren and Venango counties which long has been advocated by Sen. Leroy E. Chapman (R) Warren, is about to become a reality. Scheduled to be developed at Warren, it will be named in honor of the senator who has represented the two-county district since 1931. Sen. James S. Berger (R) Potter, paved the way for the project as sponsor of a concurrent resolution proposing the recreational area named in honor of the senate. The resolution was concurred in by the house last June 11. A companion measure that would appropriate \$150,000 to finance the development was sponsored by Chapman. It passed the house, but was vetoed by Gov. James H. Duff who explained funds would be available from a \$10,000,000 appropriation to the Department of Forests and Waters if the department saw fit. Engineers earmarked \$186,000 for a dam and park combination to be known as "Chapman's Dam".

Auditor General G. Harold Wagner has been described as an "unpredictable" man. Members of the Democratic party who have to deal with him claim he is often harsh without warning, extremely considerate when kindness is least expected. The latest example of his political shenanigans is the reinstatement of John Mehargue, of Susquehanna township, Dauphin county, whom he ousted as a \$2,500 a year district auditor in March. The dismissal was one of three reprisal firings following a break with the party over its endorsement of Sen. William J. Lane, West Brownsville, for state treasurer. Mehargue's guilt was being a Democratic state committeeman with responsibilities for party activity. Wagner had ordered his 400 odd jobholders to abstain from politics. The publicized version of Mehargue's dismissal blamed his support of Claude R. Robins, GOP mayoralty candidate last fall, in preference to John Peters, independent Republican who was placed on the Democratic ballot.

Secretary of Commerce Orus J. Matthews came up with a magnanimous promise when discussing the housing shortage. Matthews left the impression that the housing shortage was not as serious as painted and said he could find what he called "accommodations" within the short space of 24 hours in Philadelphia.

Philip Matthews being mentioned in some Democratic quarters as the next chairman of the state committee has only to signal assent to walk off the job. He would be assured of the support of National Committeeman David L. Lawrence, mayor of Pittsburgh and Pennsylvania's Democratic chief. Matthews, who retired from the army with a colonel's rank, attended West Point Military academy with Gen. Jonathan Wainwright, hero of Corregidor. In World War I Matthews was on the staff of Gen. John J. Pershing in France. He served as State WPA administrator for awhile when the so-called "Little New Deal" held sway in Pennsylvania. In a showdown fight with then U. S. Sen. Joseph F. Guffey over patronage in the 1938 election year, Matthews resigned rather than compromise. He now resides at Carlisle. When the army decided to move the U. S. Medical Field Service school from Carlisle barracks to Ft. Sam Houston, Tex., Matthews headed a committee to assure continued use of the military post, one of the oldest in the nation. The Carlisle barracks were used during the Revolutionary War and at least one of the buildings was erected by Hessian mercenary soldiers captured by General Washington's army. The army established a public relations officers school on the post and later substituted chaplain training.

BONY PIECES OF CHICKEN MAY BE A BARGAIN IN FOOD

You may find the less meaty pieces of chicken sold separately at a price much lower than demanded for choice pieces. If you are going to can or freeze chickens at home, you may wish to utilize the bony pieces, such as backs, necks and wings in some other way, since they waste space in a jar or package. Although they have less meat in proportion to bone, the backs, wings and necks of fowl are flavorful and may be used in many ways to prepare economical meals.

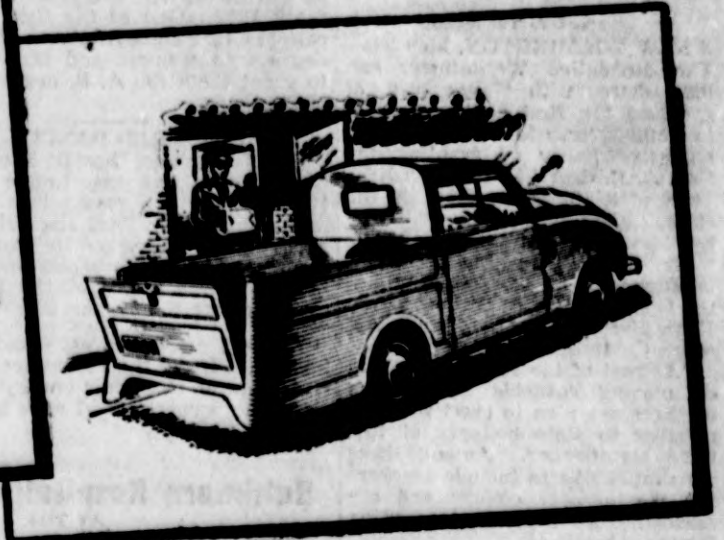

Stew the bony pieces slowly at a simmering temperature in a covered pan until the meat is so tender it falls from the bones. The cooked skin may be ground or chopped and used with the meat and broth in creamed chicken, chicken salad, jellied chicken loaf and a variety of soup and casserole dishes. Here is a recipe for a tasty chicken and macaroni casserole.

Chicken and Macaroni Casserole
2 tablespoons butter or chicken fat
2 cups chicken broth
1 teaspoon salt
1/4 teaspoon pepper
1/4 teaspoon paprika
1/2 cup heavy cream
2 cups cooked minced chicken
1/2 finely cut celery
2 tablespoons chopped olives (optional)
2 cup cooked macaroni
1/2 cup grated Parmesan cheese or some other dry type cheese
Make a white sauce of the butter, flour, broth, cream and seasonings. Add the chicken, celery, olives and macaroni to this. Place in a buttered casserole, sprinkle with grated Parmesan cheese and bake in a 375 degree oven one-half hour or until slightly browned.

The works of John Constable, noted English artist, were unappreciated at first except by a few, and he was forced to support himself by painting portraits or copies of pictures. The king of France later sent Constable a gold medal, and at last, in 1829, he was admitted to the Royal Academy, but accompanied by an unkind remark by the president, and too late to afford satisfaction. Constable died in 1837.

- You can figure it out for yourself—the great new Crosley Pickup, with its full quarter-ton capacity, pays for itself in low operating expense, low depreciation!
- This nimble, sure-footed Pickup spends less time away from the job, because it gets through traffic faster, is easier to park—slips into vacant curb spots that a bigger, heavier truck can't even approach!
- All Steel construction, full drop tailgate; comfortable, roomy cab and absolutely the lowest operating cost of any truck in America! Delivers from 35-50 miles per gallon of ordinary gasoline; yet has plenty of power for your needs!
- Complete Crosley Pickup weighs only about 1150 lbs., curb-side! Why haul an extra ton of dead weight to deliver your pay load? Built for long, trouble-free life: as easy on oil and tires as it is on gasoline! See this practical Crosley Pickup today!

"THE CROSLLEY COBRA IS
THE MOST EFFICIENT
AUTO ENGINE MADE!"

So says Mr. Paul Crosley, Jr., famed President of Crosley Motors, and leading advocate of the fine, light car. The 4-cylinder, water-cooled, valve-in-head Crosley Cobra engine is made of steel, copper-braced. Weighs only 59 lbs., yet delivers 26.5 horsepower; speeds to 50-plus, gives 35-50 miles per gallon of ordinary gasoline! Precision-built for long life.

Stamp Club Will Meet On Thursday

An interesting meeting of the New Castle Stamp club has been planned for Thursday evening in the Y.M.C.A. at 8 o'clock under the

direction of the president, John Hitch.

During the meeting, Fred Helm will conduct an interesting stamp quiz and following this quiz, the Sesqui-Centennial cachet which has been completed will be distributed to the members. The cachet will be attached to all letters being sent out from the city during the one

hundred fiftieth celebration in July.

A number of the local club members were in Butler last week end attending the philatelic exhibition being conducted in that city.

The name of the state of Utah comes from a Spanish word meaning "snow clad."

A reverberatory furnace, formerly a cupola furnace, is one so constructed that substances may be heated in it by reflection or reverberation without coming in direct contact with the fuel. It consists essentially of three parts—a fireplace, a flat bed or sole, on which the material to be heated is placed, and a chimney.

Historical Markers Will Be Erected For Westminster College

Highway Markers Will Commemorate College's Record In Early Years

(Special To The News)
NEW WILMINGTON, May 26.—The distinction Westminster college shares with Waynesburg of granting the first college degrees in Pennsylvania to women and the exclusive honor of granting the first A. B. degrees to women have been officially recognized by the state. Highway markers will commemorate the facts.

Dr. John Orr, acting president, is in receipt of the following letter from William A. Hunter of the Pennsylvania Historical and Museum Commission:

"As part of the current program of placing roadside historical markers, we plan to erect markers relating to state colleges of historic significance. Among these we should like to include markers for Westminster college and are enclosing a tentative inscription for these markers.

"The honor of first granting degrees to women students in this state appears to be shared by you with Waynesburg college, which granted degrees to the first women students in 1857. Which of the two colleges has priority in this

matter would appear to be an accident of college calendar, accordingly, it seems best simply to divide the honor."

Sites suggested by the state department are on route 278 just north of the college and at the intersection of route 278 with route 18 west of New Wilmington.

Inscription on the markers will read as follows:

WESTMINSTER COLLEGE
Founded by the Associate, United Presbyterian Church, chartered 1852. One of the first two colleges in Pennsylvania to grant degrees to women, and the first to grant them the A. B. degree in 1857.

SICK!

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

Drugless Health — IF YOU ARE a sufferer of these ailments, try GEO-MINERAL. You may be astounded at the results. GEO-MINERAL comes from the earth—Nature's Laboratory. Contains NO alcohol, NO preservatives, NO oil, NO harmful drugs, NO dose—IT IS NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments—highly recommended by the medical profession.

GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. Lack of minerals in the blood causes anemia, headaches, nervousness. Minerals generate mental brilliancy, give sparkling eyes, red cheeks, fight disease, build up health.

Rich Red Blood — MEDICAL records show 85% of men and women over 35 suffer from nutritional iron anemia. When you feel nervous, dull, lazy, have dizzy spells, no ambition to work or play, a poor appetite, feel blue, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is what you need.

Wonder Minerals — RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill. People, on the advice of doctors, go to mineral springs to find cure, or relief. The most important of our people, including doctors and millionaires, go to mineral springs. They would not patronize regularly these springs without any benefit.

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thermen in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

Amazing Results — GEO-MINERAL contains minerals found in the world's best springs. Watch the results a day or two after using it. The homecoming it will do in your body, the poisons it will bring out. When you see this, do not get alarmed—thank Nature who created Geo-Mineral as a sign that the medicine is working on you, and realize its priceless value.

Clement Re-Elected Pennsy President

PHILADELPHIA, May 26.—(INS)—M.W. Clement, president of the Pennsylvania Railroad, and two other board members have been re-elected to additional four-year terms.

The other two directors are C. Jared Ingersoll, president of the Muskegon Company, of Philadelphia, and Harry B. Higgins, president of the Pittsburgh Plate Glass Company.

They had been nominated for reelection at the annual meeting of stockholders May 11, and were elected yesterday.

MILKMAN IS ROBBER

PHILADELPHIA, May 26.—(INS)—George M. Phillips, a Jenkintown milkman, was arrested today on a charge of robbing Mrs. Lena Ganter of \$30.

Detectives Charles Coyle said that Phillips, whose pay averages \$85 a week, told him he needed the money to pay off some debts.

Documentary records of his English language extend back more than 1200 years.

Today Your Pharmacist Drops A Few Facts About...

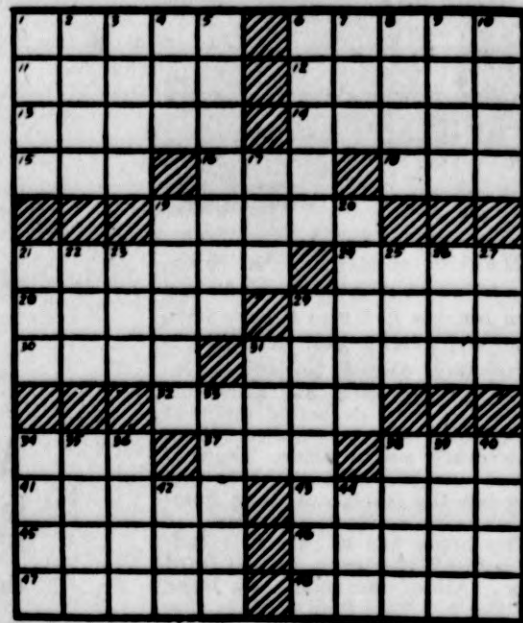

NIRVANOL

Chorea, the convulsive disorder known as Saint Vitus Dance, was once supposed to be cured by calling on this Saint. But in 1929, Drs. Poynton and Schlesinger discovered a new drug Nirvanol, which proved much more effective than calling on a Saint to cure the disease. The doctors obtained remarkable results with this white, tasteless powder which children will take readily.

Sessions Home On Seven-Day Leave

Harold Sessions, son of Mr. and Mrs. Clifford Sessions, of 305 Mahoning avenue, is home enjoying a seven day leave from the U. S. Army.

Harold was enlisted in the U. S. Army by M/Sgt. Walsh, one of the local US Army and US Air Force Recruiters. He was enlisted on February 5, and completed his basic training at Ft. Dix, N. J. on May 15, 1948.

On completion of basic training Pvt. Sessions was selected to attend a radio and electric school at Fort Knox, Ky.

For further information concerning enlistments or reenlistments contact the local US Army and US Air Force Recruiting Station, New Castle, or phone 7593.

There are about 250,000 churches in the United States, claiming close to half the country's population as members.

State Will Have 96 Fairs During Coming Summer

HARRISBURG, May 26.—The number of county and community fairs scheduled to be held in Pennsylvania this season now stands at 96 or one less than the number held last year, the State Department of Agriculture reports.

The season opens with the Clearfield County Fair at Clearfield, August 2 to 7, and extends into mid-November.

Since the initial announcement of 88 fairs last month, the following have been added to the Department's list of fairs, each operated by a fair association that is eligible to receive state aid toward payment of premiums for agricultural exhibits: South Mountain Fair, Arendtsville, Adams County, Sept. 8-11; Springfield Farm Show, Pleasant Valley, Bucks County, Oct. 21-23; Townville Community Fair, Townville, Crawford County, Sept. 9-11; Waterford Community Fair, Waterford, Erie County, Sept. 8-11; Fulton County Fair, McConnellsburg, Sept. 1-4; Port Allegany Community Fair, Port Allegany, McKean County, Oct. 14-16; West End Fair, Gilbert, Monroe County, Aug. 25; Derry Township Community Fair, Derry, Westmoreland County, Sept. 16-18.

Make Ruling On Election Muddle

UNIONTOWN, Pa., May 26.—(INS)—The election of John R. Hoye as Fayette County Controller today had been upheld by the State Supreme Court.

His election had been challenged by Miss Rebecca McDowell, who held the post prior to last November's election. She held Hoye was not eligible because he had been a "deputy" district attorney, and as such could not be elected to office for two years after leaving that post.

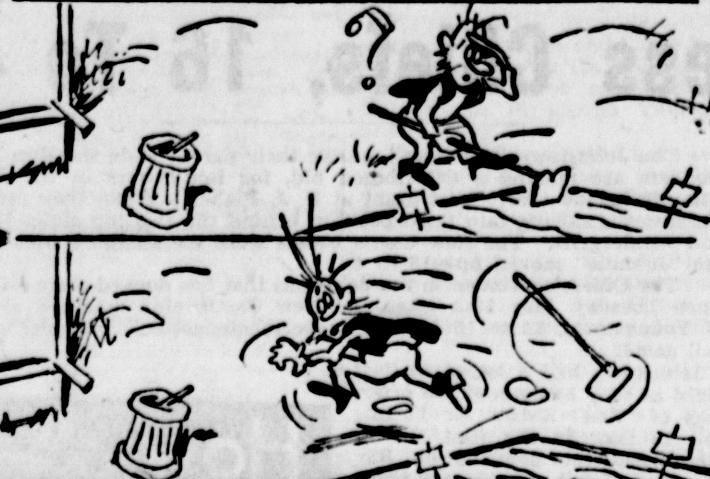

The Supreme Court ruled he had been an "assistant" district attorney.

KINDNESS UNREQUITED
ALBUQUERQUE, N. M.—Kindness in the case of Jerome King backfired. He bought something to eat for two men and told officers they later tried to steal \$25 from him.

POOR MR. HENRY PECK HAS A VEGETABLE GARDEN

YOUR FLOWERS ARE
DOING NICELY,
M'DEAR.

IN THE OPEN

I was wandering about in some open woods one recent afternoon, minding my own business, when suddenly I became aware of the fact that I had barged rudely into one of the most exclusive social events of the countryside. Miss Cicada Septendecim, of the smooty seventeen-year locust branch of the Cicada family, was being presented to woodland society, and I had crashed the glamorous coming-out party.

The setting was perfect. Floral decorations had been artfully placed by the high bush blackberry and hairy hawkweed. As the debutantes slowly appeared in their gay party dresses, the muted harmonies of a few early cricket fiddlers provided the musical backdrop. In the treetops overhead a vireo, the "preacher bird" of the woods, was hard at work announcing the arrival of each party guest.

Males Are Loafing
The scientists say that these periodic cicadas spend seventeen years in the nuphal and pupal stages, moving about very slowly underground all this time, and emerging for their presentation party when the designated hour has arrived. During the early days of June the females will be hard at work in the oaks and hickories, puncturing the twigs as repositories for their eggs. The males, meanwhile, will be loafing about in the treetops, singing their famous "Pharosh" song.

Thank God For Muscle-Rub!

WRITES MR. ROBERT JORDAN, COLON, MICH.

Advises every sufferer from Rheumatic-Arthritic-Sciatic-Neuritic Pains to try Muscle-Rub.

Here's the true story of a man who took treatments, used all kind of remedies for his sciatic, neuritic pains without being helped in the slightest degree. Mr. Robert Jordan of Colon, Mich., suffered agony from pains in his hip-knee-calf of legs. The pain at times was so bad that he couldn't sit down. He tried several different treatments, many different medicines, all of which did him no good. He couldn't work. Life was misery for him.

Then one day he saw an advertisement of Muscle-Rub—the doctor's prescription—and in desperation bought a bottle. He used it as directed and in 3 days the pains were relieved and Mr. Jordan was back on the job.

No wonder he advises every rheumatic sufferer to try Muscle-Rub for fast pain relief. Get a bottle today at a

One-Way Flights Seen For Bombers

Gen. Carl Spaatz Talks Of Justification Of One-Way Bomb Flights

WASHINGTON, May 26.—(INS)—Gen. Carl Spaatz, retiring air force chief of staff, said today that atom bombs delivered against the United States in one way flights could do sufficient damage to justify the loss of planes and pilots by a potential enemy.

Spaatz and his successor, Gen. Hoyt Vandenberg, spoke at a luncheon at the National Press Club.

In response to a specific question in connection with the dangers of international attack over the polar regions, Spaatz said that atom bombs could be successfully delivered from continent to continent in a one-way flight over the North Pole. He asserted: "Atom bombs delivered in the hands of anyone else, on a one way flight would justify the loss."

Air Control Necessary
Spaatz asserted that control of the air is necessary for victory on the ground.

He declared that passage by congress of the 70-group air program has given air power "its rightful place in national defense." He added:

"It came only after a long and bitter struggle. It will be retained, if necessary, by a long and bitter struggle."

In response to another question, Spaatz expressed belief that Russia has 14,000 fighting airplanes.

Vandenberg pointed out that with the present cost of air planes no nation in the world is likely to have an air force completely equipped with the latest types of fighters and bombers. He said that new equipment was essential however and added:

"If you don't have modern equipment you're simply taking the lives of American boys and not giving them a fair chance."

To Seek Steel For Atomic Energy Projects In Year

WASHINGTON, May 26.—(INS)—The commerce department announced today that it will ask the U. S. Steel industry at a meeting Friday to provide 160,000 tons of steel for atomic energy commission construction projects this year.

The department said it would hold a public hearing Friday morning with the producers and AEC representatives to approve a proposed voluntary agreement providing that much steel between July 1 and Feb. 28.

The voluntary agreements plan

is provided by the Republican anti-inflation bill, passed early this year, for the allocation of materials in short supply.

Oil today provides 1,200 products that are used for fuel, for power, for lubricants, in plastics, in synthetic rubber, chemicals, fertilizers, building materials, fabrics and paints, naming only a few.
